GIOVANNA ADRIENNE

Tut's Deadly Tomb
National Geographic Kids
The discovery of the
resting place of the great
Egyptian King
Tutankhamun
[Tut.ankh.Amen] in
November 1922 by
Howard Carter and the

fifth Earl of Carnarvon was
the greatest
archaeological find the
world had ever seen.
Despite its plundering by
thieves in antiquity, the
burial of the king lay
intact with its nest of
coffins and funerary
shrines, surrounded by a
mass of burial equipment
arranged in three
peripheral chambers.
Published in 1923, this is

the first volume of
Carter's trilogy, describing
the years of frustration in
search of the burial site,
the triumph of its
eventual discovery and
the long, painstaking
process of exploring and
cataloguing its treasures.
Containing over 100
images from the site
itself, this volume also
includes Carter's short
article, 'The Tomb of the

Bird,' which inadvertently spawned the legend of the great curse of Tutankhamun's tomb.

Full description pending manuscript from author.
The Tomb of Tutankhamun: Volume 1
Metropolitan Museum of Art

This is the fascinating story of the greatest archeological discoveries

ever, the discovery of the intact tomb of the 18th Dynasty Pharaoh, Tutankhamun (colloquially known as "King Tut" and "the boy king"), in November 1922. We experience the adventure, the painstaking work, the magic, the excitement and the awe through the eyes of the "tomb raider" himself, archaeologist Howard Carter.

King Tutankhamun Tells All! Mitchell Lane

The authors describe their investigation into the death of King Tut, recounting how they drew

on forensic clues, historical information, and the writings of Howard Carter to conclude that Tut did not die of natural causes.

King Tutankhamun

Bloomsbury Publishing

This ready-to-color collection of 30 detailed illustrations includes scenes from the life of the Egyptian boy-king, as well as his death mask, furniture, jewelry, sculpture, and other rare artifacts found at the burial site. A delight for coloring book fans, and anyone fascinated by the

glories of ancient Egypt.
King Tut Bearport
Publishing
This book captures the
painstaking, step-by-step
process of excavation,
and the wonders of the
treasure-filled inner
chamber. 106 on-the-spot
photographs depict the
phases of the discovery
and the scrupulous
cataloging of the
treasures.
The Complete
Tutankhamun National
Geographic Society
A lively new biography of
Tutankhamun—published
for the hundredth

anniversary of his tomb's
modern discovery The
discovery of
Tutankhamun's tomb in
1922 sparked
imaginings across the
globe. While Howard
Carter emptied its
treasures, Tut-mania
gripped the world—and in
many ways, never left.
But who was the “boy
king,” and what was his
life really like? Garry J.
Shaw tells the full story of
Tutankhamun's reign and
his modern rediscovery.
As pharaoh, Tutankhamun
had to manage an empire,
navigate influential

courtiers, and suffer the
pain of losing at least two
children—all before his
nineteenth birthday. Shaw
explores the boy king's
treasures and
possessions, from a lock
of his grandmother's hair
to a reed cut with his own
hands. He looks too at
Ankhesenamun,
Tutankhamun's wife, and
the power queens held.
This is a compelling new
biography that weaves
together intriguing details
about ancient Egyptian
culture, its beliefs, and its
place in the wider world.
Akhenaten: Egypt's False

Prophet Bloomsbury Publishing
 The discovery of Tutankhamun's tomb by Howard Carter in 1922 is one of the most significant archaeological discoveries of all time. It took Carter and his team 10 years to clear the contents of the tomb and among the objects found was a large collection of shoes and sandals. The footwear is analysed here in detail for the first time since the discovery using Carter's records and Harry Burton's excellent photographs along with

the author's analyses of the objects, all of which are housed in the Egyptian Museum, Cairo and the Luxor Museum. Several specialists contributed to the volume discussing the different materials (gold, vegetable fibre, birch bark, glass and faience, leather, gemstones) that were used in the footwear. Tutankhamun's footwear is compared with other finds in order to be able to put it in a broader context. The footwear from the tomb of Yuya and Tjuiu, the King's

great-grandparents, are, therefore, analysed as well. In addition to the analysis, footwear in texts and two- and three-dimensional art is considered.

Tutankhamen Ballantine Books

"A guide to an exhibition of some of the artifacts found in the tomb of Tutankhamun, discussing the life and death of the young king, daily life in ancient Egypt, and ancient Egyptian religion and funerary practices." --
[The Golden King](#) Yale University Press

The tomb of Tutankhamun, with its treasures, has exerted a hold over the popular imagination ever since its discovery in 1922. This book is a detailed and comprehensive account of this great archaeological discovery. The story of the boy-king, buried in splendour at the height of Egyptian civilization; the determined quest for his tomb by Howard Carter and Lord Carnarvon; the unforeseen riches eventually revealed - these are important events in the history of

archaeology. However, despite the publicity at the time of the discovery and since - made more intriguing by the linking of Carnarvon's early death with the legend of the pharaoh's curse - it remains a story only partly told. Carter never produced a complete account of his excavations. The Tutankhamun exhibitions of the 1960's and 1970's generated a spate of books but none added significantly to what Carter had already published about the tomb.

This book is a revealing account of the subject. *Complete Tutankhamun* Good Press

Beautiful color photos of the breathtaking tomb of Tutankhamun and the magnificent objects buried with the young pharaoh.

Never Had the Like Occurred Constable

A gorgeous volume celebrating the eternal splendor of the boy pharaoh. On November 4th, 1922, after months of unsuccessful expeditions and excavations, a young Howard Carter was close

to giving up his Egyptian experience in the Valley of the Kings when, unexpectedly, he and his team discovered one of the most important masterpieces in the history of archaeology. The intact royal burial palace and the golden mask of the boy king Tutankhamun are probably the most iconic symbols of Ancient Egypt. This luxurious volume will retrace, with never-seen-before pictures, the history of those exciting moments.

The Story of

Tutankhamun National Geographic Books
An entertaining new illustrated book for young readers that brings King Tut back to life so he can share his own version of history. What would happen if the famous people of ancient Egypt were given the opportunity to tell their version of historical events—in their own words? It would be incredible! In this highly entertaining and comically illustrated book, King Tut is brought back to life to let readers in on

the juicy details of his truly remarkable life. In *King Tutankhamun Tells All!* readers hear firsthand what it was like to be rudely awakened from the afterlife by archaeologist Howard Carter, who discovered Tut's tomb in 1922. Listen to Tut brag about his collection of blingy 18-carat gold sandals; discern the fake news from the truth about Tut's premature death; and relish the gory detail of Tut's mummification in this exciting book by Egyptologist Chris Naunton. Bringing to life

the biography of famous figures from Egyptian history, this book helps young readers learn through the voice of one of history's most interesting kings. Tutankhamun, His Tomb and Its Treasures National Geographic Books Draws on myriad disciplines to address mysteries surrounding the mummy of Tutankhamun, providing coverage of the first autopsy of the mummy in 1925, recent arguments over its DNA, and the stories behind archaeological

documentaries. *Tutankhamun* Capstone Shortly after the ancient tomb of Egypt's King Tutankhamun was opened in 1922, the English lord who had financed the discovery died. In subsequent years, others connected with the tomb also died, some under mysterious circumstances. This title examines the so-called "curse of King Tut" and attempts to answer numerous pivotal questions. *The Discovery of the Tomb of Tutankhamen*

National Geographic Books An account of Howard Carter's discovery of King Tutankhamen's tomb. Tutankhamun's Footwear Taschen The discovery of the resting place of the great Egyptian Pharaoh Tutankhamun [Tut.ankh.Amen] in November 1922 by Howard Carter and the fifth Earl of Carnarvon was the greatest archaeological find the world had ever seen. Despite its plundering by thieves in antiquity, the

burial of the king lay intact with its nest of coffins and funerary shrines, surrounded by a mass of burial equipment arranged in three peripheral chambers. After the long search for the tomb and its initial discovery and excavation (volume 1), after the discovery of the king's resting place and body (volume 2), the third and final volume of Howard Carter's account sees him reach the treasury, full of the incredible riches that the Pharaoh had sort to take with him to the world

beyond and which had seemed lost to time before Carter's historic discovery. Now available in the Bloomsbury Revelations series, the book includes over 150 photographs of the treasury and its contents. *The Tomb of Tutankhamun: Volume 3* Penguin
 Nicholas Reeves's radical interpretation of a revolutionary king—now available in paperback. One of the most compelling and controversial figures in ancient Egyptian history,

Akhenaten has captured the imagination like no other Egyptian pharaoh. Much has been written about this strange, persecuted figure, whose depiction in effigies is totally at odds with the traditional depiction of the Egyptian ruler-hero. Akhenaten sought to impose upon Egypt and its people the worship of a single god—the sun god—and in so doing changed the country in every way. In Akhenaten, Nicholas Reeves presents an entirely new perspective on the

turbulent events of Akhenaten's seventeen-year reign. Reeves argues that, far from being the idealistic founder of a new faith, the Egyptian ruler cynically used religion for political gain in a calculated attempt to reassert the authority of the king and concentrate all power in his hands. Backed by abundant archaeological and documentary evidence, Reeves's narrative also provides many new insights into questions

that have baffled scholars for generations—the puzzle of the body in Tomb 55 in the Valley of the Kings; the fate of Nefertiti, Akhenaten's beautiful wife; the identity of his mysterious successor, Smenkhkare; and the theory that Tutankhamun, Akhenaten's son and heir to the throne, was murdered. *The Murder of King Tut* Bearport Publishing Here is a paperback edition of the definitive

account of the Valley of the Kings, visited by millions and famous throughout the world as the burial place of the great New Kingdom pharaohs. Reeves and Wilkinson, both world authorities on the valley, bring together the art, archaeology and history in an exciting narrative to create both an essential sourcebook and an entertaining guide for tourists, scholars, students and all armchair travellers.
