The Girl In The Locked Room

Penguin She helps people put their demons to rest. But she has a few of her own... In the lockdown ward of a psychiatric hospital, Dr. Nadine Lavoie

is in her element. She has the tools to help people, and she has the desire—healing broken families is what she lives for. But Nadine doesn't want to look too closely at her own past because there are whole chunks of her life that are black holes. It takes all her willpower to tamp down her recurrent claustrophobia, and her daughter, Lisa, is a runaway who has been on the streets for

seven years. When a distraught woman, Heather Simeon, is brought into the Psychiatric Intensive Care Unit after a suicide attempt, Nadine gently coaxes her story out of her—and learns of some troubling parallels with her own life. Digging deeper, Nadine is forced to confront her traumatic childhood, and the damage that began when she and her brother were brought

by their mother to a remote commune on Vancouver Island. What happened to Nadine? Why was their family destroyed? And why does the name Aaron Quinn, the group's leader, bring complex feelings of terror to Nadine even today? And then, the unthinkable happens, and Nadine realizes that danger is closer to home than she ever imagined. She has no choice

but to face what terrifies her the most...and fight back. Sometimes you can leave the past, but you can never escape. Told with the trademark powerful storytelling that has had critics praising her work as "Gripping" (Kirkus), "Jaw-dropping" (Publishers Weekly) and "Crackling with suspense" (People magazine), ALWAYS WATCHING shows why Chevy Stevens is one

of the most mesmerizing new talents of our day. *Annual Report of the Explosives Division of the Department of Mines for the Calendar Year ...* OrangeBooks Publication Karen Harris is about to take on one of the most powerful and dangerous criminal cartel's in the world, in a covert mission to find her sister, Sophie. Her best friend, Sherry Malloy, sums up the risks: "Karen will be living as a

working girl, hiding among them, under the gaze, not only of the authorities, but the cartel. Women, unlike men, are very good at that. They can change their looks, make themselves pathetic, not an obvious threat. Informers trading information for money, in some cases will also want Karen as part of the deal. She'll be demeaned, abused and maybe beaten. One tiny slip on

her part, which shows she is not what she seems, then it's over and the cartel will take her. If she's lucky she'll be killed, but more likely put to work in conditions you can't imagine. You see; I've been there. It's terrifying, and you're so very alone." Russian Connection is the sequel to Nigerian Connection. While the book can be read and enjoyed as a stand alone story, you should first

read Nigerian Connection. Delinquency in Society Seven Stories Press

My name is Vinna, and I've been keeping a lot of secrets. You would too if you'd experienced some of the weird shit I have: red-eyed monsters chasing me, markings on my body appearing out of nowhere, a strange power that crackles colorfully over my skin from time to time, and don't get me started on the weapons I can conjure up almost out of nowhere.  
Lucky for me, I

have yet to meet someone whose ass I couldn't kick, inside the ring or out. I put that to the test when I run headfirst into a fight that brings all my secrets, and reality as I know it, crashing down around me. Now, I'm looking for answers and trying to piece together what the hell is going on. Paranormal is my new way of life. It's not going to be easy, and I'm not exactly welcome. That is, until I meet

the boys, and trust me, they are anything but boyish. I'm up against elders who think I'm too powerful, a family who views me as a threat, and something lurking in the shadows that's been coming for me my whole life. There's not a chance in hell I'm going down without a fight. I'm not lost anymore, and I'm about to show this world exactly what I can do. Author's Note: This is the first book in *The Lost Sentinel*

Series and ends with a cliffhanger. This book is a medium burn reverse harem story, intended for ages 18 years and older. This story contains strong language, sexual situations, and violence. Book two coming in January

Too bad the rest of the world has to get in their way. Jacqueline Woodson's work has been called "moving and resonant" (Wall Street Journal) and "gorgeous" (Vanity Fair). *If You Come Softly* is a powerful story of interracial love that

leaves readers wondering "why" and "if only . . ." *The Explosion Chronicles* Farrar, Straus and Giroux (BYR) Kidnapped as a teenage girl, Ma has been locked inside a purpose built room in her captor's garden for seven years. It was just another ordinary day at McKinley High—until a massive explosion devastated the school. When loner David Thorpe tried to help his English teacher to safety, the teacher convulsed and

died right in front of him. And that was just the beginning. A year later, McKinley has descended into chaos. All the students are infected with a virus that makes them deadly to adults. The school is under military quarantine. The teachers are gone. Violent gangs have formed based on high school social cliques. Without a gang, you're as good as dead. And David has no gang. It's just him and his

little brother, Will, against the whole school. In this frighteningly dark and captivating novel, Lex Thomas locks readers inside a school where kids don't fight to be popular, they fight to stay alive.

A work of fantasy, *I Who Have Never Known Men* is the haunting and unforgettable account of a near future on a barren earth where women are kept in underground

cages guarded by uniformed groups of men. It is narrated by the youngest of the women, the only one with no memory of what the world was like before the cages, who must teach herself, without books or sexual contact, the essential human emotions of longing, loving, learning, companionship, and dying. Part thriller, part mystery, *Who Have Never Known Men* shows us

the power of one person without memories to reinvent herself piece by piece, emotion by emotion, in the process teaching us much about what it means to be human. *The Angel of Death* Penguin Each suicide is as unique as the individuals involved, especially if one examines the nature of the act and to what extent these acts can be viewed as a theatrical performance. Focusing on the dramatic aspects of

suicide may seem tangential to the physical and mental pain experienced by those who try to kill themselves, but dramatic aspects often provide important clues for understanding the mental state of suicidal individuals. David Lester and Steven Stack investigate what happens in the weeks, days and hours before a suicide when the suicidal individual must make

decisions and formulate the script for his or her suicidal act. The editors argue that these choices may help us understand and prevent other suicides and stimulate new and innovative research in this important area. Through twenty-five substantive chapters, including both quantitative and qualitative analyses, this book offers insights into suicide as a dramatic act, with chapters on the

intended audience, the suicide note, the location and method chosen, and cultural scripts, including suicide-by-cop, sati, seppuku, and duels. The contributors to this volume argue that psychological, social, and cultural factors influence these choices and that the decisions made by the individual are important for understanding the mental state of the person choosing to

die by suicide.

“A rip-roaring Swiftian satire from a contemporary Chinese master” follows a rural community’s transformation from small village to megalopolis (The Economist). With the Yi River on one side and the Balou Mountains on the other, the village of Explosion was founded more than a millennium ago by refugees

fleeing a seismic volcanic eruption. But in the post-Mao era the name takes on a new significance as the community grows explosively from a small village to a vast metropolis. Behind this rapid expansion are members of the community's three major families, including the four Kong brothers; Zhu Ying, the daughter of the former village chief;

and Cheng Qing, who starts out as a secretary and goes on to become a powerful political and business figure. Linked together by a complex web of loyalty, betrayal, desire, and ambition, these figures are the driving force behind their hometown's transformation into an urban superpower. Brimming with absurdity, intelligence, and wit, *The Explosion Chronicles* considers the high stakes of

passion and power, the consequences of corruption and greed, the polarizing dynamics of love and hate between families, as well as humankind's resourcefulness through the vicissitudes of life. "Yan's burlesque of a nation driven insane by money is equally a satire of some of the excesses of the Chinese Revolution." —*The Wall Street Journal Anime Explosion!* Transaction Publishers

One woman's shocking true story of abduction, war and survival." - Brian Whitney, author of SUBVERSIVE In the fall of 1994, 21-year-old Elena Nikitina disappeared. Drugged and kidnapped by a group of

Chechen gangsters, she was driven through the night to Chechnya. Kept prisoner in a tiny room, she waited while the gang tried to ransom her back to her mother. But a few weeks after the abduction, war broke out between Russia and Chechnya. Life became very cheap, very quickly, and tiny Chechnya became an apocalyptic killing zone. All contact was cut off. There was no electricity.

There was no telephone service. There could be no negotiations for Elena's release. Elena was one lost soul, powerless, and at the mercy of hardened criminals who now fancied themselves patriotic freedom fighters. And she was their enemy - the face of the Russian invader. Through eight horrifying months of captivity, trapped in a land where countless people were

dying every day, Elena fought desperately to stay alive, stay sane, and not lose the one thing that kept her going - hope. GIRL, TAKEN is her powerful memoir of that time. It is the harrowing yet stirring tale of a young woman whose courage, determination, and inner strength ultimately delivered her back to her life and her loved ones.

She is a character not to be missed or forgotten."
