SHELTON MADELINE

The Tide Will Erase All Zebra Books

Barclay and his friends must save an island city from the Legendary Beast of the Sea in this exciting sequel to the New York Times bestselling *The Accidental Apprentice*, perfect for fans of *Nevermoor* and *How to Train Your Dragon*. Something is wrong at the Sea. The weeping tide, a carnivorous algae bloom, is eating up all the fish. Beasts are terrorizing the nearby Elsewheres. And Lochmordra, the Legendary Beast, is rising at random and swallowing ships whole. Barclay's teacher, the famous Guardian Keeper Runa Rasgar, has been summoned to

investigate, and as her apprentice, Barclay gets to join too. But Runa's nemesis has also been called to the Sea, and he's brought apprentices of his own. When the not-so friendly competition between them grows fierce, it's Barclay—the only one from the Elsewheres—who can't seem to keep up. The key to stopping Lochmordra lies in his mythical home, but as the flood of the weeping tide encroaches, time is running out to find it. If the rival groups can't cast aside old grudges and learn to work together, soon the Sea will be destroyed completely. And all the while Barclay must ask himself: is there truly a place for him in the Wilderlands?

The Other Tide Xist Publishing

The final instalment in the breathtaking *Orphans of the Tide* trilogy, which *The Times* calls 'Unputdownable'. The seas have

parted to reveal the remains of humanity's lost empire and opened a path from Shipwreck Island to the Enemy's City. Now only Ellie Lancaster and her orphan friends can prevent a terrible war. As Kate marches north at the head of her army, panic infests the City as the Enemy's strength grows. For the parting of the seas has also uncovered the Eternity Engine, a dreadful machine from before the Drowning, with the power to remake the world - or destroy it forever . . . The critically-acclaimed Orphans of the Tide trilogy reaches its spine-tingling climax and dramatic conclusion. Perfect reading for fans of His Dark Materials or Vashti Hardy. Praise for Orphans of the Tide: 'Unputdownable' - The Times 'Enthralling' - The Daily Express 'Sumptuously atmospheric . . . tirelessly inventive' - The Daily Telegraph 'Gripping' - The Guardian 'Energetic and inventive' - Sunday Times 'Gripping and original' - The Observer 'Singularly brilliant' - Kiran Millwood Hargrave, author of *The Girl of Ink and Stars* and *The Mercies* 'Compellingly inventive and unpredictable' - Piers Torday, author of *The Last Wild* 'A terrific debut of strange myths and dark secrets' - The Bookseller (Editor's Choice)

Chest of the Tide Gwyn McNamee

The #1 bestselling chapter book series of all time celebrates 25 years with new covers and a new, easy-to-use numbering system! Catch the wave! That's what Jack and Annie do when the Magic Tree House whisks them back to a Hawaiian island of long ago. They learn how to surf and have a great time—until strange things start happening. Jack and Annie soon discover the cause: A tidal wave is headed their way! Can they help save their new friends in time? Did you know that there's a Magic Tree House book for every kid? Magic Tree House: Adventures with Jack and

Annie, perfect for readers who are just beginning chapter books
Merlin Missions: More challenging adventures for the experienced reader
Super Edition: A longer and more dangerous adventure
Fact Trackers: Nonfiction companions to your favorite Magic Tree House adventures

The Dark Tide Down Island Press

Lonely and overprotected, Wesley soon finds himself on a fantastic adventure.

An on the Run Romance Sourcebooks, Inc.

After a devastating tsunami in Japan, cousins Jet and Kai spend the summer together in Astoria, Oregon, training for the Young's Bay Treasure Island sailboat race and become close friends in the process.

The Tide Island Press

The TideDead Ashore

Whisper of the Tide Bellevue Literary Press

In 1991, Island Press published *Turning the Tide*, a unique and accessible examination of the Chesapeake Bay ecosystem. The book took an indepth look at the Bay's vital signs to gauge the overall health of its entire ecosystem and to assess what had been done and what remained to be done to clean up the Bay. This new edition of *Turning the Tide* addresses new developments of the past decade and examines the factors that will have the most significant effects on the health of the Bay in the coming years. With new case studies and updated maps, charts, and graphs, the book builds on the analytical power of ten years of experience to offer a new perspective, along with clear, science-based recommendations for the future. For all those who want to know not only how much must be done to save the Bay

but what they can do and how they can make a difference, Turning the Tide is an essential source of information.

Turning the Tide Independently Published

Winner of the Branford Boase Award 2021, a breathtaking fantasy adventure for fans of His Dark Materials that The Times calls 'Unputdownable'. The City was built on a sharp mountain that jutted improbably from the sea, and the sea kept trying to claim it back. That grey morning, once the tide had retreated, a whale was found on a rooftop. When a mysterious boy washes in with the tide, the citizens believe he's the Enemy - the god who drowned the world - come again to cause untold chaos. Only Ellie, a fearless young inventor living in a workshop crammed with curiosities, believes he's innocent. But the Enemy can take possession of any human body and the ruthless Inquisition are determined to destroy it forever. To save the boy, Ellie must prove who he really is - even if that means revealing her own dangerous secret . . . 'Unputdownable' - The Times 'Enthralling' - The Daily Express 'Sumptuously atmospheric . . . tirelessly inventive' - The Daily Telegraph 'Gripping' - The Guardian 'Energetic and inventive' - Sunday Times 'Gripping and original' - The Observer 'Singularly brilliant' - Kiran Millwood Hargrave, author of *The Girl of Ink and Stars* and *The Mercies* 'Compellingly inventive and unpredictable' - Piers Torday, author of *The Last Wild* 'A terrific debut of strange myths and dark secrets' - The Bookseller (Editor's Choice)

The Tide Between Us Simon and Schuster

From internationally bestselling, acclaimed author Melinda Salisbury comes a darkly seductive story of murder, betrayal, love, and monsters in a small town in the Scottish Highlands.

Here are the rules of living with a murderer. One: Do not draw attention to yourself. It's pretty self-explanatory -- if they don't notice you, they won't get any ideas about killing you. Be a ghost in your own home, if that's what it takes. After all, you can't kill a ghost. Of course, when you live with a murderer, sit opposite them for every meal, share a washroom and a kitchen, sleep a mere twelve feet and two flimsy walls away from them, this is impossible. Even the subtlest of spectres is bound to be noticed. Which leads to the next rule. Two: If you can't be invisible, be useful. Everyone in this quiet lakeside community knows that Alva's father killed her mother, all those years ago. There wasn't enough proof to arrest him, though, and with no other family, Alva's been forced to live with her mother's murderer, doing her best to survive until she can earn enough money to run away. One of her chores is to monitor water levels in the loch -- a task her father takes very seriously. His family has been the guardian of the loch for generations. It's a cold, lonely task, and a few times, Alva can swear she feels someone watching her. The more Alva investigates, the more she realizes that the truth can be more monstrous than lies. And while you might be able to outrun anything that emerges from the dark water, you can never escape your past . . .

Breakwater Dell Publishing Company

A Dancing Tide, the 2nd book in the Barefoot Tides two-book series, continues the story of Lilliane Moore of Cub Creek in rural Va, who accepts a job in Emerald Isle, NC-and discovers it's not always easy to go home again.

Fallen Tide Orbit

Aedus Kamber is a humble peasant, trying to be as selfless as his

parents were before they left to lie beneath the dirt. But one decision he believes will help a defenseless soul and the desires in himself has him fall into a royal death sentence. Locked in a dungeon, waiting for the day he'll die, he loses hope until a beautiful siren appears before him with perhaps a way to save him. Now Aedus, the siren Irina, and his friends must join together to seek four, unnatural keys to open the Chest of the Tide. Irina has promised this very chest holds a bounty that will both make Aedus rich and will clear his name. But not all of Irina's motives may be as innocent as they seem. Join the journey inspired by the Greek myths of old to unveil the hidden, golden secrets awaiting between its bounds.

Swimming to the Top of the Tide Penguin UK

Wreathed in celestial cataclysm and child-like grandeur, *The Tide Will Erase All* hijacks your imagination to calculate the speed of light inside a dream. A transreality phenomenon known as the Mouth of God foams with star saliva as it eats myth and constellation alike to corrode our laws of nature and steal away the night sky. Dreams from spacetimes unknown prowl toxic and deranged while beings sent from the Mouth of God plumb an unseen treasure from a helpless, traumatized earth. The imagination of an eleven-year-old girl named Robot remains unphased by the astrocatastrophe. Having survived the emergence of the Mouth of God, Robot forms an expedition with a few surviving children and a lone astronomer to contact the world's last remaining telescope-an orbital observatory which they hope can puncture the exo-cosmic firmament and expose the core of all truth. But navigating a landscape of miracles and gore threatens to devastate the fabric of reality and their hearts

all the same. As the Mouth of God descends upon the galaxy and its emissaries embolden, Robot uncovers a rationale for the calamity that transcends all material fortune and dominance. A glimpse of emotional floodsurf where monsters from pre-existence sleep in tropic swells, waiting to be released. Waiting to drown the Mouth of God. Waiting to drown everything. Balanced on the lip of extinction, Robot narrates her adventure through a walkie-talkie to astronauts aboard the orbital telescope, a story both contemplative and heartbreaking while soaked in the action influence of the best manga and anime. With wide-eyed lyricism and hyper optic imagery-*The Tide Will Erase All* curates the surreal annihilation of a dream apocalypse with all the sadness, hope, and wonder of a teardrop falling in reverse. The start of a saga which unfolds as a Miyazaki film at the end of the world, a science fiction that seeks to become aflame in your hands and return to the stars.

The Turn of the Tide Bloomsbury Publishing USA

1821: After the landlord of Lugdale Estate in Kerry is assassinated, young Art O'Neill's innocent father is hanged and Art is deported to the cane fields of Jamaica as an indentured servant. On Mangrove Plantation he gradually acclimatizes to the exotic country and unfamiliar customs of the African slaves, and achieves a kind of contentment. When the new heirs to the plantation arrive from Ireland they resurrect the ghosts of brutal injustices against Art. He bides his time and hides his abhorrence from his owners. During those years he prospers, he sees his coloured children freed after emancipation, he owns land and his family thrive. Eventually he is promised seven gold coins when he finishes his service, but he doubts his master will part with the

coins. One hundred years later in Ireland, a skeleton is discovered beneath a fallen tree on the grounds of Lugdale Estate. By its side is a gold coin minted in 1870. Yseult, the owner of the estate, watches as events unfold, fearful of the long-buried truths that may emerge about her family's past and its links to the slave trade. As the skeleton gives up its secrets, Yseult realises she too can no longer hide.

Deadrise Baen Publishing Enterprises

In most tales of selkies it is a woman whose magical skin is stolen, who is forced to marry the lucky thief and live a life of misery, pining away for her home in the sea. But what if the stolen skin belongs to an infant, taken before they have memory of life under the waves? When Myna's labour results in a disfigured infant, it doesn't take much for the midwife to convince her husband the child needs to be dealt with. Years pass, and a healthy child is born. But just as Myna's life is settling into place, she learns her first-born is still alive, that she and the child are selkies. Myna has a choice, retrieve her skin and return to the ocean, to the family she never knew and the daughter she's long grieved for, or remain on land with the husband she loves, and the daughter who can never enter the sea. This edition of *What the Tide Brings* is a revised version of the one printed by The People's Library in 2018.

Out with the Tide Independent Publishing Network

The next book in the immersive fantasy *Song of the Current* series, set along the waterways of a magical world, perfect for fans of Sabaa Tahir and Victoria Aveyard. Just as there's a god at the bottom of the river, there is a god who lies under the ocean. And she had other plans for me. Caro Oresteia spent her life

waiting to be called by the river god, as those in her family had been for generations. But when she's swept away on an adventure to save the Akhaian royal prince, Markos, her destiny is sealed by the sea god instead. For now, Caro is landlocked, helping Markos reclaim his throne after nearly his entire family was assassinated in a political coup. Without any financial or military support, Markos is desperate for allies, and Caro has fought off more than one attempt on his life. When a powerful Archon offers his army in exchange for Markos's marriage to his daughter, Caro must choose: her love for Markos, or the fate of Akhaia? And more important: how much is she willing to risk to defy the sea god's wishes and chart her own course? With shipwrecks, lost treasure, old and new enemies, dark magic, and breathtaking romance, Sarah Tolcser weaves another epic story about chasing your fate.

The Tide Createspace Independent Publishing Platform

AN EVIL The creators of the monster called Link once were human, but that was distant ages in their past. Now, from the far future, they have sent their creation back to shape the world of the 6th century AD into the form that will make their own foul existence possible. Taught and ruled by Link, the Malwa Empire has spread from the Indus Valley, across India and into Mesopotamia. Its inhuman master has chosen its instruments from the most brutal and degraded members of humanity, and they have served its monstrous ends well. A GUIDE Those in the future who never were human have sent their own messenger to the past: Aide, a gleaming jewel who can warn but not lead; who can teach the construction of new weapons but cannot wield those weapons himself. Aide has come to Belisarius, the greatest

general of the 6th century and perhaps any century. Between them they have forged an alliance of all the world against evil and an army that can be the spear through evil's heart. A CRUSADE With lancers and breech-loading rifles, with steamships and with galleys, Belisarius is marching into the Malwa heartland. In a world aflame with treachery, assassination, and slaughter beyond anything save the battles of mythology, he and his companions know only one sure thing: if they fail, their whole world is doomed to living Hell for all time! A VICTORY! Politics, battle, and heroic adventure in a vivid alternate past! At the publisher's request, this title is sold without DRM (Digital Rights Management).

A Novel KLA Fricke Inc

"STIRLING HAS SURPASSED HIS PREVIOUS WORK," raved Science Fiction Chronicle of his bestselling novel *Island in the Sea of Time*, and George R. R. Martin hailed it as "an utterly engaging account of what happens when the isle of Nantucket is whisked back into the Bronze Age." Now, the adventure continues... In the years since the Event, the Republic of Nantucket has done its best to recreate the better ideas of the modern age. But the evils of its time resurface in the person of William Walker, renegade Coast Guard officer, who is busy building an empire for himself based on conquest by technology. When Walker reaches Greece and recruits several of their greater kinglets to his cause, the people of Nantucket have no choice. If they are to save the primitive world from being plunged into bloodshed on a twentieth-century scale, they must defeat Walker at his own game: war.

Mean High Tide Penguin UK

Dr. Samantha 'Sam' Smith and Luke Jansen have gotten under

each other's skins since they met 10 years ago on the Royal Australian Naval base. They never thought they'd see each other again until their love of sharks brought them back together, giving their competitive and stubborn natures another chance to clash. Sam, marine biologist and shark specialist, recently landed her dream job with the aquatic research department at Miami University. When her mentor invites her on the expedition of a lifetime, she eagerly takes the bait. The goal: obtain coveted, groundbreaking footage of Great White sharks breeding. Unbeknownst to Sam, her mentor has invited one of the best shark experts in the business as well - a certain Aussie diver too arrogant and sexy for his own good. Luke, different after a life-changing diving accident, is the last person she expected to see. Sam and Luke's competitive streak picks up right where it left off as Sam realizes Luke knows almost as much about sharks as she does, despite her eight years of education. When a deep sea dive goes awry, Sam has to rely on Luke's experience, both with sharks and as a Navy Clearance Diver, to get her back on board alive and in one piece. To make matters worse, a reckless rival crew surfaces, determined to beat them to the punch. Amidst the adventure and exhilaration of the hunt, Sam and Luke ignite a passionate spark that they slowly realize may have been simmering all along. If they can make it through with the footage and their lives, they may just have a shot at Happily Ever After.*The character of Luke Jansen inspired by Paul de Gelder (Discovery's Shark Week) and his amazing story of survival and overcoming life's obstacles.

The Heartless Tide WaterBrook

Once a fighter, always a fighter... Former Navy SEAL Mason

McCarthy is done being a fighting man. Now he and the Deep Six Salvage crew are working feverishly to find the wreck of the Santa Cristina and its legendary sunken treasure. Unfortunately for Mason's peace of mind, chatty, brilliant historian Alexandra Merriweather has joined the hunt and there's no avoiding her. Alex is exactly the kind of distraction Mason can't afford right now...or maybe ever. When a murderous enemy from Mason's past threatens the Deep Six, he must rely on old instincts and the skills he honed from years of running black ops to make sure nothing touches Alexandra. But with their lives on the line and the adrenaline running high, it's inevitable that sparks will fly. "Mouthwatering characters...the romance simmers...a page-turning adventure."—Night Owl Reviews Top Pick for Hell or High Water "Julie Ann Walker and her SEALs serve up spicy fare...an exciting, spellbinding story."—Long and Short Reviews for Devil and the Deep "Hot men, hot action, and hot temperatures make for one hot romance!"—BookPage for Hell or High Water

from data in their own environment. It is an important book for teachers, researchers, planners and engineers responsible for coastal defences as well as new infrastructure and waterway modification in ports and harbours. The wealth of informative detail and data provided makes this text worthwhile for readers who need a wider understanding of this increasingly important topic for coastal zone residents. MATLAB scientific programming language, simple-to-use Graphical User Interface (GUI) programs are introduced for students, researchers and engineering consultants, available at no cost from MATLAB Central file exchange (<http://www.mathworks.com/matlabcentral>). GUI programs provide the tools for analysing water level or water current observations, deriving the major tidal constituents, and showing first hand how tide and tidal current predictions are made in addition to producing unrivalled colour graphic visualisations. GUI is the author's tidal analysis and is particularly suited for the investigation of storm surge in coastal waters. Professor Boon has studied tidal behaviour in world coastal zones and here assembles information for public and private use from his capacity as advisor to state and federal authorities and corporate organisations. Introduces tides, tidal currents, storm-surges and sea level trends in coastal regions Provides examples from the US, the Atlantic, the UK and different locations around the world MATLAB scientific programming language and simple-to-use Graphical User Interface (GUI) programs are introduced for students, researchers and engineering consultants
