You haven't  
gotten  
yourself a  
R107 yet? Too  
bad, the good  
ones can cost  
a small  
fortune today  
and they have  
only one way  
to go: UP! But

don't worry, plenty of them have been built and plenty of them are still around.

Problem is, which one is the right one for you? Can you imagine that even a low mileage, good looking R107 can still far exceed your wildest imaginations, when it comes to restoration costs?

Everybody seems to want a late model 560SL. Why not an early 450SL for half the money? The joy and pride of ownership is

the same, trust me. Or how about one of the former longtime underdogs, an SLC? Also they start to appreciate, a few of them even very fast, faster than a mint 560SL. If any of this is of interest, then this new book (published already earlier as e-book) is for you. It does not only deal with development and history, it also comes with a comprehensive buyer's guide for both the SL and SLC. This

includes a look at their price development over the past years. Another focus has been the VIN and data card, so that you have a better understanding, how they were equipped and to which market they have been shipped first. Superb recent photography from the author's collection can help you to find the right car or it might even serve as reference in a restoration project. Naturally the

paint and interior upholstery options, full technical details plus the annual production history of each model are covered. As a bonus, rare insights into the R107's almost unknown rally history are given. **FREE BONUS:** When you have bought this book, you are eligible for a free pdf file of any Mercedes model (such as W111 or W198 or R107 for example) the author has covered in one of his books.

Please contact the author through his website (inside the book) and stipulate, which free pdf file you want him to send to you.

**80 Automotive Atrocities from the past 20 years** Veloce Publishing Ltd  
This detailed and beautifully illustrated book covers the Mercedes-Benz 107 series, which ran from 1971 to 1989. Written by a highly regarded motoring

historian, with many years' ownership of the type in question, this is THE definitive study of the subject. All major world markets are looked at, along with competition history. Extensive appendices cover engine specifications, chassis numbers, build numbers, and so on. *YOUR step-by-step guide to setting up a workshop, choosing a project, dismantling,*

*sourcing parts, renovating & rebuilding classic motorcycles from the 1970s & 1980s* Veloce Publishing Ltd  
Whether a CX500, luxurious CS650 Silver Wing, or CX650 Turbo, this book provides a step-by-step guide to a full restoration. From dismantling, sourcing and restoring parts, to spray painting, decals and polishing. From the rebuild itself, to general

maintenance and riding safety, this is the only restoration manual you'll need. *Mercedes-Benz SLK* Veloce Publishing Ltd  
This book includes some of the greats of the scrambling world - Dave Bickers, John Banks, Rob Taylor - and others not, perhaps, quite so well known. From the hard-riding Devon farmer John Triple, Gloucester ace Tommy Barker, and Six Days trials star Eric

Chilton, to the last ever interview with Olga Kevelos, a true star. *Veloce Publishing Ltd*  
A warts and all introduction to owning, driving and maintaining a Mercedes-Benz 280-560SL or SLC, and a step-by-step guide to evaluating one for purchase. This book includes 100 photos of what to look for and what to avoid, plus a realistic assessment of running and restoration costs, as well as market

values. This includes servicing and spare parts prices, and the relative values of the various models, specifications and vehicle conditions you are likely to encounter. Written by the editor of the Mercedes-Benz Club Gazette, it draws on the experiences of the late Roger Edwards, a former Mercedes-Benz apprentice who spent his life working on and enjoying these cars, along with

input from Roger's colleagues who continue to run his company. It also benefits from the author's 30 years of owning and restoring old cars, and his contacts in the world of Mercedes-Benz enthusiasts. Written in an easy to follow, jargon-free style, this book will equip you with all you need to know to buy a Mercedes-Benz 280-560SL or SLC. *Mercedes-*

A unique and personal account of young designer's journey after joining that most prestigious of marques, Rolls-Royce. Sometimes eccentric, often humorous, the workings of this uniquely British institution during a period of immense change are described in detail. Generously supported by previously unseen

illustrations, the author's story, from his position as designer to Chief Stylist, pulls back the curtain concealing an idiosyncratic institution, motivated as much by pride as the bottom-line.

The visual feast that is Dorset is enjoyed by millions – visitors and locals alike. But few are lucky enough to enjoy the Jurassic coastline 'from the outside looking in.' This book has been photographed entirely from the sea by sailor and marine photographer Steve Belasco who has cruised the area in small boats for over 20 years. Steve's love of Dorset's waters, those who enjoy

them and the people and creatures that depend on them, leaps from every page.

The wedge-shaped V12 Lamborghini flagships were always spectacular - in shape, sound and performance. The Murciélago was an evolution of the Countach and the Diablo, and was as iconic in its time as its illustrious predecessors were in theirs. This book examines the Murcielago in detail, while casting a look back through Lamborghini's troubled

history, to understand how the Murciélago came into being. Ferruccio Lamborghini, Patrick Minram, Megatech, Chrysler, and finally VW-Audi, all played their part in the birth of this modern classic. The book touches on the people and organisations involved in the production of this iconic car, before examining each of the model variants, and discusses the

joys and tribulations of ownership.

to know to buy a Mercedes. - *The Essential Buyer's Guide* Veloce Publishing Ltd In this book, seasoned motorcycle restorer Ricky Burns takes you through each of the stages of real-life restorations. Aimed at enthusiasts of all abilities, from the total beginner to those with experience already, the reader is shown each stage and process in step-by-step detail, along

with the techniques, tricks and tips used by experts. From choosing a project, setting up a workshop, and preparing a motorcycle, to sourcing parts, dismantling, restoring and renovating, this book is the perfect guide for the classic motorcycle restorer. Inside the Rolls-Royce & Bentley Styling Department 1971 to 2001 Veloce Publishing Ltd The Lotus Europa was

Colin Chapman and Lotus's first mid-engined road car, and was produced from 1966 through to 1975. Originally designed to slot into the Lotus range below the Elan as a low cost replacement for the Lotus 7, the Europa eventually sat alongside the Elan and Plus 2 as a comparable sports car in its own right. Starting with the design philosophy behind the development of the Europa, this book

provides detailed technical descriptions of all the major versions of the model, starting with the Renault-powered Series 1 through to the Lotus Twin Cam powered	Special. It looks at the cars on the road, and the racing Type 47 derived from the road cars which competed in the small capacity Group 6 class, as well as featuring in historic racing	today. With owners' impressions and interviews with ex-Lotus employees, the book provides a valuable insight into owning, running, and racing these iconic cars.
