Before award-winning director Dan Curtis became known for directing epic war movies, he darkened the small screen with the horror genre's most famous soap opera, *Dark Shadows*, and numerous subsequent made-for-TV horror movies. This second edition serves as a complete filmography, featuring each of Curtis's four-dozen productions and 100 photographs. With the addition of new chapters on *Dark Shadows*, the author further explores the groundbreaking daytime television serial. Fans and scholars alike will find an exhaustive account of Curtis's work, as well as a new foreword from My Music producer Jim Pierson and an afterword from Dr. Mabuse director Ansel Faraj.

Survive the war. Outlast the enemy. Stay alive. That's what Henry Forrester has to do. When he lies about his age to join the Marines, Henry never imagines he'll face anything worse than his own father's cruelty. But his unit is shipped off to the Philippines, where the heat is unbearable, the conditions are brutal, and Henry's dreams of careless adventuring are completely dashed. Then the Japanese invade the islands, and US forces there surrender. As a prisoner of war, Henry faces one horror after another. Yet among his fellow captives, he finds kindness, respect, even brotherhood. A glimmer of light in the darkness. And he'll need to hold tight to the hope they offer if he wants to win the fight for his country, his freedom . . . and his life. Michael P. Spradlin's latest novel tenderly explores the harsh realities of the Bataan Death March and captivity on the Pacific front during World War II.

In *The Hope*, world-famed historical novelist Herman Wouk told the riveting saga of the first twenty years of Israel's existence, culminating in its resounding triumph in the Six-Day War, which amazed the world as few events of this turbulent century have. With *The Glory*, Wouk rejoins the story of Israel's epic journey in one of his most compelling works yet. From the euphoric aftermath of that stunning victory in 1967, through the harrowing battles of the Yom Kippur War, the heroic Entebbe rescue, the historic Camp David Accords, and finally the celebration of forty years of independence and the opening of the road to peace, Wouk immerses us in the bloody battles, the devastating defeats, the elusive victories.

His resume of roles includes *Macbeth*, *Cyrano de Bergerac*, *Ebenezer Scrooge* and *Oedipus Rex*. His career has encompassed theatre and television in England, Canada and the United States. With a gift for developing offbeat characters, Barry Morse has had a prolific acting career, and the story of his life is a veritable history of 20th century theatre from the days before World War II through the

early 21st century. In this memoir Morse traces his life and career, including his years at the Royal Academy of Dramatic Art, his radio jobs with the BBC, his 60-year marriage to actress Sydney Sturgess and their years together in the Court Players, his roles on television shows (*The Fugitive*, *Space: 1999*), and his acquaintance with literary lights (George Bernard Shaw) and screen stars (Robert Mitchum and Peter Cushing). Photographs from the Morse family collection are included. *Henry Kissinger and American Power* Legare Street Press

Wartime rape has been virulent in wars of sovereignty, territory, conquest, religion, ideology and liberation, yet attention to this crime has been sporadic throughout history. Rape remains 'unspeakable', particularly within law. Moreover, rape has not featured prominently in post-conflict collective memory. And even when rape is 'remembered', it is often the subject of political controversy and heated debate. In this book, Henry asks some critical questions about the relationship between mass rape, politics and law. In what ways does law contribute to the collective memory of wartime rape? How do 'counter-memories' of victims compete with the denialism of wartime rape? The text specifically analyses the historical silencing of rape throughout international legal history and the potential of law to restore these silenced histories, it also examines the violence of law and the obstacles to individual and collective redemption. Tracing the prosecution of rape crimes within contemporary courts, Henry seeks to argue that politics underscores the way rape is dealt with by the international community in the aftermath of armed conflict. Providing a comprehensive overview of the politics of wartime rape and the politics of prosecuting such crimes within international humanitarian law, this text will be of great interest to scholars of gender and security, war crimes and law and society.

John C. Inscoe is a luminary in the field of Appalachian studies. He has spent much of his career exploring the social, economic, and political significance of slavery and race in the mountain South as well as the complex nature of the region's Civil War loyalties and the brutal guerrilla warfare that stemmed from those divisions. Using intimate vignettes to focus on individuals, families, and communities, he keeps the human dimension at the forefront of his analysis. In this collection of essays, produced over the past two decades, Inscoe devotes equal attention to how historical truths have been reshaped by later generations with vastly differing agendas. Blending fact and fiction, reality and perception, *Race, War, and Remembrance in the Appalachian South* represents a multifaceted embodiment of a unique time and place in American history.

A masterwork of W. G. Sebald, now with a gorgeous new cover by the famed designer Peter Mendelsund. The four long narratives in *The Emigrants* appear at first to be the straightforward biographies of four Germans in exile. Sebald reconstructs the lives of a painter, a doctor, an elementary-school teacher, and Great Uncle Ambrose. Following (literally) in their footsteps, the narrator retraces routes of exile which lead from Lithuania to London, from Munich to Manchester, from the South German provinces to Switzerland, France, New York, Constantinople, and Jerusalem. Along with memories, documents, and diaries of the Holocaust, he collects photographs—the enigmatic snapshots which stud *The Emigrants* and bring to mind family photo albums. Sebald combines precise documentary with fictional motifs, and as he puts the question to realism, the four stories merge into one unfathomable requiem.

From the master of alternate history comes an epic of the second Civil War. It was an epoch of glory and success, of disaster and despair. . . . 1881: A generation after the South won the Civil War, America writhed once more in the bloody throes of battle. Furious over the annexation of key Mexican territory, the United States declared total war against the Confederate States of America in 1881. But this was a new kind of war, fought on a lawless frontier where the blue and gray battled not only each other but the Apache, the outlaw, the French, and the English. As Confederate General Stonewall Jackson again demonstrated his military expertise, the North struggled to find a leader who could prove his equal. In the Second War Between the States, the times, the stakes, and the battle lines had changed--and so would history. . .

The Emigrants World Book

Among the most pervasive of stereotypes imposed upon southern highlanders is that they were white, opposed slavery, and supported the Union before and during the Civil War, but the historical record suggests far different realities. John C. Inscoe has spent much of his scholarly career exploring the social, economic and political significance of slavery and slaveholding in the mountain South and the complex nature of the region's wartime loyalties, and the brutal guerrilla warfare and home front traumas that stemmed from those divisions. The essays here embrace both facts and fictions related to those issues, often conveyed through intimate vignettes that focus on individuals, families, and communities, keeping the human dimension at the forefront of his insights and analysis. Drawing on the memories, memoirs, and other testimony of slaves and free blacks, slaveholders and abolitionists, guerrilla warriors, invading armies, and the highland civilians they encountered, Inscoe considers this multiplicity of perspectives and what is revealed about highlanders' dual and overlapping identities as both a part of, and distinct from, the South as a whole. He devotes attention to how the truths derived from these contemporary voices were exploited, distorted, reshaped, reinforced, or ignored by later generations of novelists, journalists, filmmakers, dramatists, and even historians with differing agendas over the course of the late nineteenth and twentieth centuries. His cast of characters includes John Henry, Frederick Law Olmsted and John Brown, Andrew Johnson and Zebulon Vance, and those who later interpreted their stories—John Fox and John Ehle, Thomas Wolfe and Charles Frazier, Emma Bell Miles and Harry Caudill, Carter Woodson and W. J. Cash, Horace Kephart and John C. Campbell, even William

Faulkner and Flannery O'Connor. Their work and that of many others have contributed much to either our understanding—or misunderstanding—of nineteenth century Appalachia and its place in the American imagination.

Walden HarperCollins

"You lose your loved ones, and still you want to live." On 21 July 1942, the Nazis reached the small Polish town of Zolkiew. Life for fifteen-year-old Clara Kramer would never be the same. While those around her were either slaughtered or transported, three families found perilous refuge in a hand-dug cellar. Hers was one of them. Living above and protecting them were the Becks. Mrs. Beck had been the families' maid. Mr. Beck was alcoholic and a self-professed anti-Semite, yet he risked his life to keep his charges safe. But survival under his protection proved to be anything but predictable. Whether it was his nightly drinking sessions with officers of the SS in the room just above or his torrid affair with one of the hiding women, it seemed that Clara and the others often had as much to fear from Beck as they did from the war. Clara's mother told her to keep a diary while they lived in the bunker in order to fill her time and "so the world would know what happened to us." Over sixty years later, Clara Kramer has finally turned those diaries into a compelling and heartbreaking memoir — a story of love and memory and survival.

A Political Biography Turtleback Books

In an unprecedented literary accomplishment, Herman Wouk, one of America's most beloved and enduring authors, reflects on his life and times from the remarkable vantage point of 100 years old.

Many years ago, the great British philosopher Sir Isaiah Berlin urged Herman Wouk to write his autobiography. Wouk responded, "Why me? I'm nobody." Berlin answered, "No, no. You've traveled. You've known many people. You have interesting ideas. It would do a lot of good." Now, in the same year he has celebrated his hundredth birthday, Herman Wouk finally reflects on the life experiences that inspired his most beloved novels. Among those experiences are his days writing for comedian Fred Allen's radio show, one of the most popular shows in the history of the medium; enlisting in the US Navy during World War II; falling in love with Betty Sarah Brown, the woman who would become his wife (and literary agent) for sixty-six years; writing his Pulitzer Prize-winning novel, *The Caine Mutiny*; as well as a big hit Broadway play *The Caine Mutiny Court Martial*; and the surprising inspirations and people behind such masterpieces as *The Winds of War*, *War and Remembrance*, *Marjorie Morningstar*, and *Youngblood Hawke*. Written with the wisdom of a man who has lived through two centuries and the wit of someone who began his career as professional comedy writer, the first part of Wouk's memoir ("Sailor") refers to his Navy experience and writing career, the second ("Fiddler") to what he's learned from living a life of faith. Ultimately, *Sailor and Fiddler* is an unprecedented reflection from a vantage point few people have lived to experience.
