The Distinctive Doctrines and Usages of the General Bodies of the Evangelical Lutheran Church in the United States Fortress Press

The first of its kind, this book is a systematic presentation of Lutheran feminist, womanist, and mujerista theologies: systematic, in that it addresses classical loci of systematic theology; contemporary, in that it is resoundingly constructive and relevant for the contemporary church; and feminist, in that the contributors write from a feminist perspective although they reflect a variety of positions within feminist discourse. The contributors to this multi-authored work share a common commitment to Lutheran theology as a continual process of reform. Luther is a partner in the conversation because of his theological insights and commitment to faithful criticism, which the writers seek to continue, not because his voice "settles a debate." The book focuses on central themes that Luther addressed and that are representative of Lutheranism today, including justification by grace through faith and Luther's theology of the cross. From diverse contexts, these Lutheran theologians, like Luther, seek reformation by giving voice to new perspectives in theology that continue to transform the church and the world. Along with Mary J. Streufert, contributors include: Krista E. Hughes, Kathryn A. Kleinhans, Kristen E. Kvam, L. DeAne Lagerquist, Mary E. Lowe, Lois Malcolm, Anna Mercedes, Cynthia Moe-Lobeda, Cheryl M. Peterson, Mary (Joy) Philip, Caryn D. Riswold, Deanna A. Thompson, Marit Trelstad, Alicia Vargas, and Beverly Wallace. "A remarkable addition to the rich history of Lutheran theology. Not only have these theologians opened doors to fresh, new worlds of Lutheran thought, they've done so in a way that honors the past by extending it forward. I can't wait to use Transformative Lutheran Theologies in class. I've been waiting twenty years for a text like this. Imagine teaching Luther's thought and placing it by side with these cutting-edge essays. Luther would no doubt be proud—maybe even a bit envious."—Serene Jones, President and Roosevelt Professor of Systematic Theology, Union Theological Seminary, New York

A Documentary History of Lutheranism, Volumes 1 and 2 Augsburg Fortress Pub

This title offers an introduction for students and lay readers to doing theology in the Lutheran tradition. Lutheran theology found its source, and so its name in Martin Luther in the 16th century. The theology that emerged identified two essential matters for the relationship between humans and God, the law and the gospel. It made a simple but extremely unusual and controversial claim -

that it was not the law that made a person right before God's final judgment, but the gospel of Christ's death on the cross for sinners. This book will lay out the implications of having all theology, and so all that can be said of God, humans and creation confessed and delivered in two parts: I, the sinner; and God, the justifier. Doing Theology introduces the major Christian traditions and their way of theological reflection. These volumes focus on the origins of a particular theological tradition, its foundations, key concepts, eminent thinkers and historical development. The series is aimed readers who want to learn more about their own theological heritage and identity: theology undergraduates, students in ministerial training and church study groups.

Lutherans Today Augsburg Books

Lutheran churches in the United States have included multiple ethnic cultures since the colonial era and continue to wrestle with increasing internal variety as one component of their identity. By combining the concerns of social history with an awareness for theological themes, this volume explores the history of this family of Lutheran churches and traces the development from the colonial era through the formation of the Evangelical Lutheran Church in America in 1988. An introduction details the origins of Lutheranism in the European Reformation and the practices significant to the group's life in the United States. Organized chronologically, subsequent chapters follow the churches' maturation as they form institutions, provide themselves with leaders, and expand their membership and geographic range. Attention is given throughout to the contributions of the laity and women within the context of the Lutherans' continued individual and corporate effort to be both authentically Lutheran and genuinely American. Offering a rich portrayal of the Lutherans' lives and their churches, the social historical approach of this study brings the Lutheran people to the foreground. The dynamic relationship between pietist, orthodox, and critical expressions of the tradition has remained among Lutherans even though they have divided themselves by several factors including ethnicity and confessional stance. Of interest to scholars and researchers of Lutheran history and religion in America, this engaging, multifaceted work balances narrative history with brief biographical essays. A chronological listing of important dates in the development of the Lutheran church is especially helpful.

This text includes an Extraordinary Prayer Calendar for congregations and individuals who would like to include queer saints (past and present) to their prayer life.

In an engaging and accessible style, Martin J. Lohrmann introduces readers to fascinating glimpses

of faith, courage, and love in action within the global Lutheran community that now numbers over 70 million members in churches worldwide. He shows how Lutheranism is a much more diverse and global expression of the Christian tradition than most realize. This matches the expansive view of the church universal that the Reformers held when they presented the Augsburg Confession in 1530. As Philipp Melancthon put it, the church "consists of people scattered throughout the entire world who agree on the gospel and have the same Christ, the same Holy Spirit, and the same sacraments, whether or not they have the same human traditions." Although Lutheranism first grew and spread in central and northern Europe, some of the most vibrant Lutheran communities are now in Africa and Asia. There are more Lutherans in Tanzania than in Sweden, and more Lutherans in Indonesia than in Norway. The single largest Lutheran church body in the world is the Ethiopian Evangelical Church Mekane Yesus, with over 8 million members and a focus on caring for the whole person. Outside of Europe, Namibia is the only country with a majority Lutheran population. Lutheran members of the global body of Christ have much to learn from and share with one another. The book largely follows the subjects listed in the Timeline of Global Lutheranism that Lohrmann created for Lutheran Quarterly Journal to commemorate the 500-year anniversary of the Protestant Reformation.

Cordell Strug served as a Lutheran pastor for almost twenty-eight years in rural Minnesota. In these stories and reflections, he gives a picture of a pastor's life from the inside. He writes of sitting with the dying and meeting with the angry, of visiting shut-ins and writing sermons, of lonely drives over frozen roads, of work he can't finish and wounds he can't heal. He is candid about what surprised or bothered him, about his misjudgments and failures, about the ever-growing weight of stress and sorrow. He tells who inspired him and who drove him nuts, which advice he found priceless and which he found useless. He shows the ideals of faith colliding with the realities of life in the struggling congregations he served.

Signs of Belonging: Luther's Marks of the Church and the Christian Life explores Luther's teaching on the seven marks of the church: possession of the Word, Baptism, Sacrament of the Altar, Office of the Keys, Office of Ministry, Discipleship, and the cross (suffering on account of one's faith). How do these "marks" define the corporate body of Christ and connect with the lives of individual Christians?

From the time of Martin Luther's writing of *On War Against the Turk* in 1529 to American Lutheran military chaplains serving in the U.S.-led invasion of Iraq in 2003, Lutheranism has had a symbiotic relationship with Islam in the Middle East, framed across cultural and religious borders. There have been those who have crossed these borders to engage in mission and dialogue. In *Piety, Politics, and Power*, David Grafton examines the origins of the American Lutheran missionary movement in the Middle East, with a focus on its encounter with Muslims and the varied Lutheran theological responses toward Islam. The narrative is placed within historical contexts to provide an overarching background of Middle Eastern history and Christian-Muslim Relations. The survey covers Lutheran missionary communities in Persia, Iraq, Egypt, Lebanon, and Jerusalem and the West Bank, including the work of the Lutherans working for the American Board of Commissioners for Foreign Missions, the Anglican Church Missionary Society, the Lutheran Orient Mission, the Lutheran Church-Missouri Synod, and the Evangelical Lutheran Church in America. Whether enthusiastic Pietists seeking the conversion of Muslims and Jews; cautious theologians in dialogue with Islam, Judaism, or Oriental Orthodoxy; or social activists working on behalf of refugees in Egypt and the West Bank, Grafton argues that these Christian missionaries were all enmeshed in the politics of the communities in which they lived, and either contributed to or suffered from the realities of Middle Eastern and international politics. Given the current reality of Pax Americana in the Middle East, the author asks the driving question about the role of American Lutheran missions and Lutheran-Middle Eastern Muslim dialogue in the age of American power in the Middle East.

The Formation of the Lutheran Church in America Wipf and Stock Publishers

It is a common misconception that Lutheran theology is inherently antinomian, or unconcerned with Christian ethics. This unfortunate caricature of the doctrine of the Reformation has been furthered by certain strands of Lutheran theology, which reject the third use of the law and the necessity of expounding Christian ethics in preaching. In this book, Jordan Cooper challenges the claim that Lutheranism emphasizes justification at the expense of sanctification, demonstrating that the two kinds of righteousness are a historical Lutheran framework that gives prominence to both salvation by grace and one's duty to serve the neighbor in love. Through an evaluation of Luther's writings, the confessional documents, Lutheran Orthodoxy, and contemporary writers, Cooper demonstrates that an emphasis on the passive nature of one's relationship to God does not diminish or negate the necessity of sanctified living. This is done not by departing from Lutheran teaching, but by delving deeper into historic Lutheran theology as found in the scholastic tradition.

Andrew Schulze was a white pastor of the Lutheran Church-Missouri Synod who spent his early ministry serving black mission churches in Springfield, Illinois (1924-1928); St. Louis, Missouri (1928-1947); and Chicago, Illinois (1947-1954). He was an early proponent of integration during

these years, fighting continual battles to get black students admitted to Lutheran schools. In the 1930s, he began to lobby to end the mission status of black churches and black schools, a goal which was finally realized in 1947. In 1941 he wrote a treatise on race relations in the church,

The Way of Salvation in the Lutheran Church Wipf and Stock Publishers

On October 31, 1517, the German Priest Martin Luther posted his 95 Theses challenging the teachings of the Roman Catholic Church on the door of the church in Wittenberg. It is widely held that this act triggered the large exodus from the Catholic Church, which became known as the Protestant Reformation. Lutheranism, one of the many Protestant movements that were spawned as a result of this revolution, is largely founded on the teachings and writings of Martin Luther. The A to Z of Lutheranism sheds light on the many and varied concerns of the church, from its earliest manifestations in the 16th century to recent decisions at the turn of the 20th century. This is accomplished through a chronology, an introduction, a bibliography, an appendix, and hundreds of cross-referenced dictionary entries on important persons, major events and institutions, the theology and ethics, significant concepts, and the broader social, cultural, and economic impact of Lutheranism and its worldwide expansion.
