WILLIAMSON GIDEON

Disinformation ReadHowYouWant.com

*Includes pictures *Includes a bibliography for further reading "The main emphasis of the KGB is not in the area of intelligence at all. Only about 15% of time, money, and manpower is spent on espionage and such. The other 85% is a slow process which we call either ideological subversion or active measures ... or psychological warfare." - Yuri Bezmenov The KGB is one of the most famous abbreviations of the 20th century, and it has become synonymous with the shadowy and often violent actions of the Soviet Union's secret police and internal security agencies. In fact, it is often used to refer to the Soviet state security agencies throughout its history, from the inception of the inception of the Cheka (Extraordinary Commission) in 1917 to the official elimination of the KGB in 1992. Whether it's associated with the Russian Civil War's excesses, Stalin's purges, and even Vladimir Putin, the KGB has long been viewed as the West's biggest bogeyman during the second half of the 20th century. Inevitably, some of the Cold War's most shadowy actions involved trying to turn Soviet assets, whether for propaganda or intelligence purposes, but the Soviet system constantly had to worry about defections, as evidenced by the construction of the Berlin Wall in the early 1960s. That said, while the whistleblowers may be celebrated if they damage the public relations of an adversary, they can be controversial if they damage one's own country, as evidenced by the polarizing

reputations of individuals like Edward Snowden and Julian Assange. Yuri Bezmenov was among the first Soviet whistleblowers to attract attention on a global scale, and interest in his story has recently been revived thanks to his surprising cameo in the teaser trailer for Call of Duty Black Ops: Cold War in August 2020. This came despite the fact he was far from the first ex-KGB agent or Russian to pull back the curtains on the Russian government and reveal the harrowing "truths" they were once sworn to harbor, as well as the disconcerting covert operations of which they once allegedly partook. In fact, the history of Russian defectors who later emerged as informants in the name of public interest stretches back to the 16th century, when Andrey Kurbsky, a former boyar, high-ranking military commander, and trusted adviser to Tsar Ivan the Terrible, decamped to Lithuania on April 30, 1564. Nonetheless, Bezmenov remains known for his works after becoming disillusioned with the Soviet system in middle age, his interest in India, and his ultimate defection to Canada, which led to him railing against Soviet communism in various lectures and works throughout the 1980s. Yuri Bezmenov: The Life and Legacy of the Influential KGB Informant Who Defected to the West chronicles how Bezmenov went from the KGB to a thunderous anti-Soviet activist in America in the 1980s. Along with pictures of important people and places, you will learn about Bezmenov like never before.

Disinformation Da Capo Press

The first comprehensive political history of the communist party Vanguard of the Revolution is a sweeping history of one of the most significant political institutions of the modern world. The communist party was a revolutionary idea long before its supporters came to power. A. James McAdams

argues that the rise and fall of communism can be understood only by taking into account the origins and evolution of this compelling idea. He shows how the leaders of parties in countries as diverse as the Soviet Union, China, Germany, Yugoslavia, Cuba, and North Korea adapted the original ideas of revolutionaries like Karl Marx and Vladimir Lenin to profoundly different social and cultural settings. Vanguard of the Revolution is essential reading for anyone seeking to understand world communism and the captivating idea that gave it life.

[West European Communism and American Foreign Policy](#) Rowman & Littlefield

David Meir-Levi's "brief encounter" offers a solid approach to understanding the basics of the Arab-Israeli conflict, arguably the world's most persistent and polarized political issue. History Upside Down applies great common sense where demagogues and ignorami too often dominate. DANIEL PIPES director of the Middle East Forum and author of *Militant Islam Reaches America* In order for the Israeli-Palestinian conflict to be resolved, the demonology will have to be taken out of it, and the historical and political facts allowed to speak for themselves dispassionately. David Meir-Levi shows how this can be done.

The KGB and Soviet Disinformation Templeton Foundation Press

The real danger of Soviet deception during the fall of communism is exposed in this startling account that takes a firsthand look behind the Iron Curtain. Learn how the KGB sought world domination, starting with the USSR. Read the shocking facts about the true origin of international terrorism in the 1960s. Author Robert Buchar presents years of research and interviews with major players. His first-hand experience as a political refugee makes this an authentic and eye-opening account of Western Civilization's main enemy.*Robert Buchar's book fills a vacuum, shedding light on the KGB's secret as.

Encyclopedia of Cold War Espionage, Spies, and Secret Operations McFarland

Drawing on newly accessible archives as well as memoirs and other sources, this biographical dictionary documents the lives of some two thousand notable figures in twentieth-century Central and Eastern Europe. A unique compendium of information that is not currently available in any other single resource, the dictionary provides concise profiles of the region's most important historical and cultural actors, from Ivo Andric to King Zog. Coverage includes Albania, Belarus, the Czech and Slovak Republics, Hungary, Estonia, Latvia, Lithuania, Poland, Romania and Moldova, Ukraine, and the countries that made up Yugoslavia.

From Communists to Progressives, How the Left Has Sabotaged Family and Marriage Ivan R Dee

When the Cold War ended, the spying that marked the era did not. An incredible true story from the Pulitzer Prize-nominated New York Times bestselling author of *Crazy*. Between 1995 and 2000, "Comrade J" was the go-to man for SVR (the successor to the KGB) intelligence in New York City, overseeing all covert operations against the U.S. and its allies in the United Nations. He personally handled every intelligence officer in New York. He knew the names of foreign diplomats spying for Russia. He was the man who kept the secrets. But there was one more secret he was keeping. For three years, "Comrade J" was working for U.S. intelligence, stealing secrets from the Russian Mission he was supposed to be serving. Since he defected, his role as a spy for the U.S. was kept under wraps-until now. This is the gripping, untold story of Sergei Tretyakov, more commonly known as "Comrade J."

Putin's Playbook Enigma Books

At a moment when a motley crew of demonstrators, protesters, and violent urban thugs has repeatedly joined forces - not just to make known their unhappiness with the Donald Trump administration, but to bring chaos to American streets and to seek the destruction of our constitutional order - there is an urgent need to understand who is organizing, funding and leading these cabals. Their banners, placards and slogans provide incomplete answers. Indeed, it seems that many of the marchers themselves fail to understand who is pulling the strings that propel the seemingly disparate Muslim Brothers, Black Lives Matter operatives, radical feminists, anarchists and other hard leftists to coordinated confrontation with law enforcement and the rest of American society. Unfortunately, our preparedness for confronting the array of such forces committed to the destruction of traditional Western values and civilization as enshrined in the U.S. Constitution has faltered badly in the years since the attacks of September 11, 2001. That is due, in no small measure, ironically to the successful influence operations waged against our national security leadership by adherents to the same ideology that animated the attacks of that fateful day: Islam's Sharia doctrine. As a result, that leadership has been rendered incapable of confronting these enemies by name, identifying accurately what impels them, let alone achieving a decisive victory over them and their ideology. As Matthew Vadum persuasively documents in *Team Jihad: How Sharia-Supremacists Collaborate with Leftists to Destroy the United States*, the jihadists' success in this regard is not entirely attributable to the seductiveness of their information and influence operations. They owe much to the decades-long march of cultural Marxism through the key pillars of American society: academia, faith communities, government (especially national security), law enforcement, and media. After all, it was communist, leftist, and progressive operatives who successfully promoted the notion that the Judeo-Christian principles laid down by the Founding Fathers were, at best, outmoded and, at worst, a force for ill in the world. In this shared antipathy to the traditional religious values that inspired and nurtured Western civilization, Islam and the left found grounds to make common cause: They could set aside their own divergent ideologies and desired end states for the time being and join forces to bring down America. The emergence of the contemporary Red-Green axis coincided with - and contributed to - the undoing of a counterintelligence mindset in official U.S. circles. Effectively neutralized was any appreciation of the threat posed by influence operations and, in particular, their perpetrators inside the United States. These dynamics contributed greatly to the collapse of our Intelligence Community's ability to protect against hostile propaganda, whether of the communist or taqiyya varieties, and subversive infiltration by their practitioners. That vulnerability was made all the more ominous by the ties between Western leftists and jihadists who were recruited, trained and, in some cases at least, managed by the Soviet Union and its feared security service, the KGB. Over the years, we have learned much about such operations from declassified information like the Mitrokhin Archive and the Venona Papers. Defectors like Ion Pacepa from Romania's secret police and brilliant researchers like Diana West in *American Betrayal: The Secret Assault on our Nation's Character* have illuminated how communist agents stoked the flames of Islamic terrorism and infiltrated deeply inside the ranks of the U.S. government.

[The Coming Infocalypse](#) Springer

Was Pope Pius XII a Nazi collaborator who betrayed the Jews? What this well-known historian discovered might surprise you: far from being a villain, Pius XII did everything humanly possible to fight the Nazi horror. This is the book that sets the record straight.

Coercion and Dissent in Romania, 1965-1989 Wnd Books

The real danger of Soviet deception during the fall of communism is exposed in this startling account that takes a firsthand look behind the Iron Curtain.---- Learn how the KGB sought world domination, starting with the USSR. Read the shocking facts about the true origin of international terrorism in the 1960s. Author Robert Buchar presents years of research and interviews with major players. His first-hand experience as a political refugee makes this an authentic and eye-opening account of Western Civilization's main enemy."Robert Buchar's book fills a vacuum, shedding light on the KGB's secret assistance to Communism and its tyrants ... The Untold Story Of The East German Secret Police Routledge

WND Films and Emmy-winning filmmaker Stan Moore present a riveting new feature-length film documentary, *Disinformation: The Secret Strategy to Destroy the West*. It's the amazing true story of a top Soviet bloc spy chief who, at great risk, left the dark side to shine a light on the greatest source of political evil in today's world. Living in the U.S. under a protected identity due to assassination threats, Gen. Ion Mihai Pacepa reveals the secret strategies that, to this day, are undermining and destroying Western civilization. The documentary includes rare interviews, dramatic footage and high-level insider information.

The Sources of Soviet Perestroika Strategic Book Publishing

Stalin did not act alone. The mass executions, the mock trials, the betrayals and purges, the jailings and secret torture that ravaged the Soviet Union during the three decades of Stalin's dictatorship, were the result of a tight network of trusted henchmen (and women), spies, psychopaths, and thugs. At the top of this pyramid of terror sat five indispensable hangmen who presided over the various incarnations of Stalin's secret police. Now, in his harrowing new book, Donald Rayfield probes the lives, the minds, the twisted careers, and the unpunished crimes of Stalin's loyal assassins. Founded by Feliks Dzierzynski, the Cheka-the Extraordinary Commission-came to life in the first years of the Russian Revolution. Spreading fear in a time of chaos, the Cheka proved a perfect instrument for Stalin's ruthless consolidation of power. But brutal as it was, the Cheka under Dzierzynski was amateurish compared to the well-oiled killing machines that succeeded it. Genrikh Iagoda's OGPU specialized in political assassination, propaganda, and the manipulation of foreign intellectuals. Later, the NKVD recruited a new generation of torturers. Starting in 1938, terror mastermind Lavrenti Beria brought violent repression to a new height of ingenuity and sadism. As Rayfield shows, Stalin and his henchmen worked relentlessly to coerce and suborn leading Soviet intellectuals, artists, writers, lawyers, and scientists. Maxim Gorky, Aleksandr Fadeev, Alexei Tolstoy, Isaak Babel, and Osip Mandelstam were all caught in Stalin's web-courted, toyed with, betrayed, and then ruthlessly destroyed. In bringing to light the careers, personalities, relationships, and "accomplishments" of Stalin's key henchmen and their most prominent victims, Rayfield creates a chilling drama of the intersection of political fanaticism, personal vulnerability, and blind lust for power spanning half a century. Though Beria lost his power-and his life-after Stalin's death in 1953, the fundamental methods of the hangmen maintained their grip into the second half of the twentieth century. Indeed, Rayfield argues, the tradition of terror, far from disappearing, has emerged with renewed vitality under Vladimir Putin. Written with grace, passion, and a dazzling command of the intricacies of Soviet politics and society, *Stalin and the Hangmen* is a devastating indictment of the individuals and ideology that kept Stalin in power.

Everything you need to know about "deepfakes" and what could become the biggest information and communications meltdown in world history. In a world of deepfakes, it will soon be impossible to tell what is real and what isn't. As advances in artificial intelligence, video creation, and online trolling continue, deepfakes pose not only a real threat to democracy -- they threaten to take voter manipulation to unprecedented new heights. This crisis of misinformation which we now face has since been dubbed the "Infocalypse." In *DEEPFAKES*, investigative journalist Nina Schick uses her expertise from working in the field to reveal shocking examples of deepfakery and explain the dangerous political consequences of the Infocalypse, both in terms of national security and what it means for public trust in politics. This all-too-timely book also unveils what this all means for us as individuals, how deepfakes will be used to intimidate and to silence, for revenge and fraud, and just how truly unprepared governments and tech companies are for what's coming.

How Sharia-Supremacists Collaborate with Leftists to Destroy the United States Penguin

Liberation theology is widely referred to in discussions of politics and religion but not always adequately understood. The second edition of this Companion brings the story of the movement's continuing importance and impact up to date. Additional essays, which complement those in the original edition, expand upon the issues by dealing with gender and sexuality and the important matter of epistemology. In the light of a more conservative ethos in Roman Catholicism, and in theology generally, liberation theology is often said to have been an intellectual movement tied to a particular period of ecumenical and political theology. These essays indicate its continuing importance in different contexts and enable readers to locate its distinctive intellectual ethos within the evolving contextual and cultural concerns of theology and religious studies. This book will be of interest to students of theology as well as to sociologists, political theorists and historians.

The Rise of Russia's New Imperialism Twelve

This fully updated book offers the first systematic analysis of Putin's three wars, placing the Second Chechen War, the war with Georgia of 2008, and the war with Ukraine of 2014-2015 in their broader historical context. Drawing on extensive original Russian sources, Marcel H. Van Herpen analyzes in detail how Putin's wars were prepared and conducted, and why they led to allegations of war crimes and genocide. He shows how the conflicts functioned to consolidate and legitimate Putin's regime and explores how they were connected to a fourth, hidden, "internal war" waged by the Kremlin against the opposition. The author convincingly argues that the Kremlin—relying on the secret services, the Orthodox Church, the Kremlin youth "Nashi," and the rehabilitated Cossacks—is preparing for an imperial revival, most recently in the form of a "Eurasian Union." An essential book for understanding the dynamics of Putin's regime, this study digs deep into the Kremlin's secret long-term strategies. Readable and clearly argued, it

makes a compelling case that Putin's regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing. As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin's contemporary policies, Van Herpen's work will make a valuable contribution to the literature on post-Soviet Russia, and his arguments will stimulate a fascinating and vigorous debate.

Dezinformatsia Disinformation Former Spy Chief Reveals Secret Strategies for Undermining Freedom, Attacking Religion, and Promoting Terrorism "A page-turner dripping with facts and conclusions that gives us clarity few have attained; a must-read for those who want to understand [Russia and President Putin]...." —GENERAL PHIL BREEDLOVE, USAF (Ret.), seventeenth Supreme Allied Commander Europe "Putin's Playbook will make readers see the urgency of developing a counterstrategy to the brilliance of Putin's playbook." —NEWT GINGRICH Russia's Secret Plan to Defeat America The "Russian collusion" hoax not only poisoned American politics but also sowed confusion about the real Russian threat to the United States. President Vladimir Putin wasn't colluding with the Trump campaign, but as a former U.S. intelligence specialist makes clear in this eye-opening book, the judo-loving ex-KGB agent most certainly has a plan to defeat the United States Born and raised in the Soviet Union, Rebekah Koffler came to America as a young woman. After 9/11, she joined the Defense Intelligence Agency, devoting her career to protecting her new country. Now she reveals in chilling detail Putin's long-range plan— his "playbook"—to weaken and subdue the United States, preparing for the war that he believes is inevitable. With the insight of a native, Koffler explains how Russians, formed by centuries of wartorn history, understand the world and their national destiny. The collapse of the Soviet empire, which Putin experienced as a vulnerable KGB agent in East Germany, was a catastrophic humiliation. Seeing himself as the modern "Czar Vladimir" of a unique Slavic nation at war with the West, he is determined to restore Russia to its place as a great power. Koffler's analysis is enriched by her deeply personal account of her life in the Soviet Union. Devoted to her adopted homeland but concerned about the complacency of her fellow citizens, she appreciates American freedoms as only a survivor of totalitarianism can. An opportunity to view ourselves and the world through the eyes of our adversary, Putin's Playbook is a rare and compelling testimony that we ignore at our peril.

Putin's People Cambridge University Press

During the Cold War, Radio Free Europe and Radio Liberty broadcast uncensored news and commentary to people living in communist nations. As critical elements of the CIA's early covert activities against communist regimes in Eastern Europe, the Munich-based stations drew a large audience despite efforts to jam the broadcasts and ban citizens from listening to them. This history of the stations in the Cold War era reveals the perils their staff faced from the Soviet Union, Bulgaria, Romania and other communist states. It recounts in detail the murder of writer Georgi Markov, the 1981 bombing of the stations by "Carlos the Jackal," infiltration by KGB agent Oleg Tumanov and other events. Appendices include security reports, letters between Carlos the Jackal and German terrorist Johannes Weinrich and other documents, many of which have never been published.

No Borders, No Language, No Culture Bloomsbury Publishing USA

A Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph "[Putin's People] will surely now become the definitive account of the rise of Putin and Putinism." —Anne Applebaum, The Atlantic "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades." —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In *Putin's People*, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the

KGB's revanche—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—*Putin's People* is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

Bearing False Witness Simon and Schuster

A sweeping history of the often-violent conflict between Islam and the West, shedding a revealing light on current hostilities The West and Islam -- the sword and scimitar -- have clashed since the mid-seventh century, when, according to Muslim tradition, the Roman emperor rejected Prophet Muhammad's order to abandon Christianity and convert to Islam, unleashing a centuries-long jihad on Christendom. *Sword and Scimitar* chronicles the decisive battles that arose from this ages-old Islamic jihad, beginning with the first major Islamic attack on Christian land in 636, through the Muslim occupation of nearly three-quarters of Christendom which prompted the Crusades, followed by renewed Muslim conquests by Turks and Tatars, to the European colonization of the Muslim world in the 1800s, when Islam largely went on the retreat -- until its reemergence in recent times. Using original sources in Arabic and Greek, preeminent historian Raymond Ibrahim describes each battle in vivid detail and explains how these wars and the larger historical currents of the age reflect the cultural fault lines between Islam and the West. The majority of these landmark battles -- including the battles of Yarmuk, Tours, Manzikert, the sieges at Constantinople and Vienna, and the crusades in Syria and Spain--are now forgotten or considered inconsequential. Yet today, as the West faces a resurgence of this enduring Islamic jihad, *Sword and Scimitar* provides the needed historical context to understand the current relationship between the West and the Islamic world -- and why the Islamic State is merely the latest chapter of an old history.

The Oriental Review Createspace Independent Publishing Platform

Former Director of Central Intelligence R. James Woolsey and former Romanian acting spy chief Lt. General Ion Mihai Pacepa, who was granted political asylum in the U.S. in 1978, describe why Russia remains an extremely dangerous force in the world, and they finally and definitively put to rest the question of who killed President Kennedy on November 22, 1963. All evidence points to the fact that the assassination—carried out by Lee Harvey Oswald—was ordered by Soviet Premier Nikita Khrushchev, acting through what was essentially the Russian leader's personal army, the KGB (now known as the FSB). This evidence, which is codified as most things in foreign intelligence are, has never before been jointly decoded by a top U.S. foreign intelligence leader and a former Soviet Bloc spy chief familiar with KGB patterns and codes. Meanwhile, dozens of conspiracy theorists have written books about the JFK assassination during the past fifty-six years. Most of these theories blame America and were largely triggered by the KGB disinformation campaign implemented in the intense effort to remove Russia's own fingerprints that blamed in turn Lyndon Johnson, the CIA, secretive groups of American oilmen, Howard Hughes, Fidel Castro, and the Mafia. Russian propaganda sowed hatred and contempt for the U.S. quite effectively, and its operations have morphed into many forms, including the recruitment of global terror groups and the backing of enemy nation-states. Yet it was the JFK assassination, with its explosive aftermath of false conspiracy theories, that set the model for blaming America first.

History Upside Down Createspace Independent Publishing Platform

We are witnessing a watershed moment in American cultural history. As the legal definition of marriage rapidly changes, a fundamental transformation of the family is fast assuming new dimensions. Extreme-Left radicals have helped pave the way for a cultural revolution that takes down the traditional family unit. Paul Kengor, author of the New York Times bestseller *The Communist*, traces the roots of the anti-family movement through the sordid history of socialists and communists - people like Karl Marx, Friedrich Engels, Margaret Sanger, Wilhelm Reich, Herbert Marcuse, and assorted 1960s radicals. He articulates how onetime fringe concepts have become accepted by mainstream American thought and are now welcomed by legislators and judges - a reality that would have shocked by delighted these radical-Left forebearers. -- from back cover.
