[Academic Compact Reader Kaba](#) The dormakaba compact reader

91 10 can be universally used as an online subterminal in all

access solutions. Constantly online, the reader, together with a

control unit, gives increased security in the company. It is very

attractive with its innovative, compact design and elegant, high-

gloss finish. dormakaba - dormakaba compact reader 91 10 The

dormakaba compact reader 91 12 is always connected to a

control unit which is installed in a secure indoor area. This checks

and interprets the data recorded by the reader and decides

whether to grant access. For access functions indoors, the

compact reader is equipped with a relay and digital inputs to

open and monitor doors. Employees identify themselves by

holding their contactless RFID ... dormakaba - dormakaba

compact reader 91 12 dormakaba compact reader 91 04 The

narrow compact reader blends harmoniously into any building structure. It has everything integrated in one device and is suitable for both indoor and outdoor use. Card readers & terminals - dormakaba Kaba compact reader 91 04. The streamlined compact reader blends harmoniously into any building. Hold an RFID card, key fob or key up to the reader and enter - the reader gives a visible and an audible signal of authorisation.
