Falling Celadon Books

From Colleen Hoover, the #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, comes a moving and haunting novel of family, love, and the power of the truth. Not every mistake deserves a consequence. Sometimes the only thing it deserves is forgiveness. The Voss family is anything but normal. They

live in a repurposed church, newly baptized Dollar Voss. The once cancer-stricken mother lives in the basement, the father is married to the mother's former nurse, the little half-brother isn't allowed to do or eat anything fun, and the eldest siblings are irritatingly perfect. Then, there's Merit. Merit Voss collects trophies she hasn't earned and secrets her family forces her to keep. While browsing the local antiques shop for her next trophy, she finds Sagan. His wit and unapologetic idealism disarm and spark renewed life into her—until she discovers that he's

completely unavailable. Merit retreats deeper into herself, watching her family from the sidelines, when she learns a secret that no trophy in the world can fix. Fed up with the lies, Merit decides to shatter the happy family illusion that she's never been a part of before leaving them behind for good. When her escape plan fails, Merit is forced to deal with the staggering consequences of telling the truth and losing the one boy she loves. Poignant and powerful, *Without Merit* explores the layers of lies that tie a family together and the power of love and truth.

Too Wild to Tame Thomas Nelson

"Reading *Hideaway* is like a mini vacation, as Roberts transports you from the sun-drenched mountains of Big Sur to the rolling hills of Ireland to the bustling streets of New York City." - Associated Press

A family ranch in Big Sur country and a legacy of Hollywood royalty set the stage for Nora Roberts' emotional new suspense novel, *Hideaway*. Caitlyn Sullivan had come from a long line of Hollywood royalty, stretching back to her Irish immigrant great-grandfather. At nine, she was already a star—yet still an innocent child who loved to play hide and seek with her cousins at the family home in Big Sur. It was during one of those games that she disappeared. Some may have considered her a pampered princess, but Cate was in fact a smart, scrappy fighter, and she managed to escape her abductors. Dillon Cooper was shocked to find the bloodied, exhausted girl huddled in his house—but when the teenager and his family heard her story they provided refuge, reuniting her with her loved ones. Cate's ordeal, though, was far from over. First came the discovery of a shocking betrayal that would send someone she'd trusted to

prison. Then there were years spent away in western Ireland, peaceful and protected but with restlessness growing in her soul. Finally, she would return to Los Angeles, gathering the courage to act again and get past the trauma that had derailed her life. What she didn't yet know was that two seeds had been planted that long-ago night—one of a great love, and one of a terrible vengeance...

The instant New York Times bestseller and publishing phenomenon: Marina Keegan's posthumous collection of award-winning essays and stories "sparkles with talent, humanity, and youth" (O, The Oprah Magazine). Marina Keegan's star was on the rise when she graduated magna cum laude from Yale in May 2012. She had a play that was to be produced at the New York Fringe Festival and a job waiting for her at *The New Yorker*. Tragically, five days after graduation, Marina died in a car crash. Marina left behind a rich, deeply expansive trove of writing that, like her title essay, captures the hope, uncertainty, and possibility of her generation. Her short story "Cold Pastoral" was published on *NewYorker.com*. Her essay "Even Artichokes Have Doubts" was excerpted in the *Financial Times*, and her book was the focus of a Nicholas Kristof column in *The New York Times*. Millions of her contemporaries have responded to her work on social media. As Marina wrote: "We can still do anything. We can change our minds. We can start over...We're so young. We can't, we MUST not lose this sense of possibility because in the end, it's

all we have." *The Opposite of Loneliness* is an unforgettable collection of Marina's essays and stories that articulates the universal struggle all of us face as we figure out what we aspire to be and how we can harness our talents to impact the world. "How do you mourn the loss of a fiery talent that was barely a tendril before it was snuffed out? Answer: Read this book. A clear-eyed observer of human nature, Keegan could take a clever idea...and make it something beautiful" (People).

The friend zone is not the end zone for Bree Camden, who is helplessly in love with her longtime best friend and extremely hot NFL legend, Nathan Donelson. The only problem is that she can't admit her true feelings, because he clearly sees her as a best friend with no romantic potential, and the last thing Bree wants is to ruin their relationship. But those abs . . . Nope! Nothing but good old-fashioned, no-touching-the-sexiest-man-alive, platonic friendship for Bree. In any case, she has other things to worry about. After a car accident ended her chance at becoming a professional ballerina, Bree changed paths and now owns her own dance studio, with big dreams to expand it. But one more rent increase could mean the end of the studio entirely. Then, as usual, Nathan comes to the rescue and buys the entire building. Regretting You Chronicle Books
After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." —Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they

speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
