'Cooper's sheer exuberance and energy are contagious' The Times No picture ever came more beautiful than Raphael's Pandora. Discovered by a dashing young lieutenant, Raymond

Kelvedon in a Normandy Chateau in 1944, she had cast her spell over his family - all artists and dealers - for fifty years. Hanging in a turret of their lovely Cotswold house, Pandora witnessed Raymond's tempestuous wife Galena both entertaining a string of lovers, and giving birth to her four children: Jupiter, Alizarin, Jonathan and superbrat Sienna. Then an exquisite stranger rolls up, claiming to be a long-lost daughter of the family, setting the three Belvedon brothers at each other's throats. Accompanying her is her fatally glamorous boyfriend, whose very different agenda includes an unhealthy interest in the Raphael. During a fireworks party, the painting is stolen. The hunt to retrieve it takes the reader on a thrilling journey to Vienna, Geneva, Paris, New York and London. After a nail-biting court case and a record-smashing Old Masters sale at Sotheby's, passionate love triumphs and Pandora is restored to her rightful home.

Read David Axe's blogs and other content on the Penguin Community. The war memoir as graphic novel--an utterly unforgettable and highly original look at war in the 21st century. Street battles with spears and arrows in sweltering East Timor. Bone-jarring artillery duels in Afghanistan's mountains. Long patrols on the sandy wastes of southern Iraq. For four years, war

was life for David Axe. He was alternately bored out of his mind and completely terrified. It was strangely addictive. As a correspondent for The Washington Times, C-SPAN and BBC Radio, Axe flew from conflict to conflict, reveling in death, danger, and destruction abroad while, back in D.C., his apartment gathered dust, his plants died, and his relationships withered. War reporting was physically, emotionally, and financially draining and disillusioning. Loosely based on the web comic of the same name, with extensive new material, *War Is Boring* takes us to Lebanon and Somalia; to arms bazaars across the United States; to Detroit, as David tries to reconnect with his family and to Chad, as David attempts to bring attention to the Darfur genocide. Nine critically acclaimed cartoonists and graphic novelists invite us into their studios to discuss their art and inspirations. These studio visits with some of today's most popular and innovative comic artists present an unparalleled look at the cutting edge of the comic medium. The artists, some of whom rarely grant interviews, offer insights into the creative process, their influences and personal sources of inspiration, and the history of comics. The interviews amount to private gallery tours, with the artists commenting, now thoughtfully, now passionately, on their own work as well as the works of others. The book is generously illustrated with full-color reproductions of the artists' works, including some that have been published and others not originally intended for publication, such as sketchbooks and personal projects. Additional illustrations show behind-the-scenes working processes of the cartoonists and particular works by others that have influenced or inspired them. Through the eyes of these artists, we see with a new clarity the achievement of contemporary cartoonists and the extraordinary possibilities of comic art.

"Terry Zwigoff's movie of Daniel Clowe's extraordinary graphic novel *Ghost World* has brought Clowe's hordes of new readers. Every one of them will be eagerly awaiting the adventures of Clowe's new hero- David Boring, a nineteen-year-old security guard with a tortured inner life and an obsessive nature. When he meets the girl of his dreams, things begin to go awry- what seems too good to be true apparently is, and what seems truest in Boring's life is that, given the right set of circumstances (in this case an origastic cascade of vengeance, humiliation and murder), the primal nature of mankind will come inexorably to the fore.

This book serves two purposes. First, it provides the psychoanalyst or psychotherapist with a more flexible method of practicing psychoanalysis. This is the clinical approach of "analytic contact", a technical stance in which more patients can

be reached in a deeper and more helpful manner. Analytic contact is an operationally robust Kleinian approach for the real world of private practice and targets the combination of internal and external factors there are consistently at play with all patients. The second aim of this book is to examine specific groups of patients that present unique challenges to the psychoanalyst. These populations are examined and new and creative ways of working with them are introduced. The author invites the reader to discover the clinical value and technical utility of analytic contact.

"How often do you begin reading a book that makes you—immediately, urgently, desperately—want to read more books?" (Booklist). Nick Hornby has managed to write just such a book in this hilarious, insightful, and infectious volume. *Ten Years in the Tub* chronicles Hornby's journey through a decade's worth of books, as related in his wildly popular *Believer* column "Stuff I've Been Reading." *Ten Years in the Tub* is a one-way ticket into the mind of one of the most beloved contemporary writers on his favorite pastime, but it's also a meditation on what Celine Dion can teach us about ourselves, a warning about how John Updike can ruin our sex lives, and a recommendation for the way *Body Shop Vanilla Shower Gel* can add excitement to our days. This "decade-long addiction for many... makes standing in line at the bank a blessed interval for snorting another page." (the New York Times Book Review)

This book offers a theoretical framework and numerous case studies - from early comic books to contemporary graphic novels - to understand the uses of genres in comics. It begins with the assumption that genre is both frequently used and undertheorized in the medium. Drawing from existing genre theories, particularly in film studies, the book pays close attention to the cultural, commercial, and technological specificities of comics in order to ground its account of the dynamics of genre in the medium. While chronicling historical developments, including the way public discourses shaped the horror genre in comics in

the 1950s and the genre-defining function of crossovers, the book also examines contemporary practices, such as the use of hashtags and their relations to genres in self-published online comics.

An immediate perennial, documenting the critical rise of the graphic novel. Conventional wisdom states that cartooning and graphic novels exist in a golden age of creativity, popularity, and critical acceptance. But why? Today, the signal is stronger than ever, but so is the noise. *New York Times*, *Vanity Fair*, and *Bookforum* critic Ben Schwartz assembles the greatest lineup of comics critics the world has yet seen to testify on behalf of this increasingly vital medium. *The Best American Comics Writing* is the first attempt to collate the best criticism to date of the graphic novel boom in a way that contextualizes and codifies one of the most important literary movements of the last 60 years. This collection begins in 2000, the game changing year that Pantheon released the graphic novels *Jimmy Corrigan* and *David Boring*. Originally serialized as “alternative” comics, they went on to confirm the critical and commercial viability of graphic literature. Via its various authors, this collection functions as a valuable readers’ guide for fans, academics, and librarians, tracing the current comics renaissance from its beginnings and creative growth to the cutting edge of today’s artists. This volume includes Daniel Clowes (*Ghost World*) in conversation with novelist Jonathan Lethem (*Fortress of Solitude*), Chris Ware, Jonathan Franzen (*The Corrections*), John Hodgman (*The Daily Show*, *The Areas of My Expertise*, *The New York Times Book Review*), David Hajdu (*The 10-Cent Plague*), Douglas Wolk (*Publishers Weekly*, author of the Eisner award-winning *Reading Comics*), Frank Miller (*Sin City* and *The Spirit* film director) in conversation with Will Eisner (*The Spirit’s* creator), Gerard Jones’ (*Men of Tomorrow*), Brian Doherty (author *Radicals of Capitalism*, *This is Burning Man*) and critics Ken Parille (*Comic Art*), Jeet Heer (*The National Post*), R.C. Harvey (biographer of Milton Caniff), and Donald Phelps (author of the landmark book of comics criticism, *Reading the Funnies*). *Best American Comics Writing* also features a cover by nationally known satirist Drew Friedman (*The New York Observer*, *Old Jewish Comedians*) in which Friedman asks, “tongue-in-cheek,” if cartoonists are the new literati, what must their critics look like?

A boldly rendered—and deeply intimate—account of Hong Kong today, from a resilient young woman whose stories explore what it means to survive in a city teeming with broken promises. “Hums with the thrill of being lost in this massive, haunted, mythologized, neon city, yet finding oneself in the end.”—Hua Hsu, author of *A Floating Chinaman* Hong Kong is known as a place of extremes: a former colony of the United Kingdom that now exists at the margins of an ascendant China; a city rocked by mass protests, where residents rally—often in vain—against threats to their fundamental freedoms. But it is also misunderstood, and often romanticized. Drawing from her own experience reporting on the politics and culture of her hometown, as well as interviews with musicians, protesters, and writers who have watched their home transform, Karen Cheung gives us a rare insider’s view of this remarkable city at a pivotal moment—for Hong Kong and, ultimately, for herself. Born just before the handover to China in 1997, Cheung grew up questioning what version of Hong Kong she belonged to. Not quite at ease within the middle-class, cosmopolitan identity available to her at her English-speaking international school, she also resisted the conservative values of her deeply traditional, often dysfunctional family. Through vivid and character-rich stories, Cheung braids a dual narrative of her own coming of age alongside that of her generation. With heartbreaking candor, she recounts her yearslong struggle to find reliable mental health care in a city reeling from the traumatic aftermath of recent protests. Cheung also captures moments of miraculous triumph, documenting Hong Kong’s vibrant counterculture and taking us deep into its indie music and creative scenes. Inevitably, she brings us to the protests, where her understanding of what it means to belong to Hong Kong finally crystallized. An exhilarating blend of memoir and reportage, *The Impossible City* charts the parallel journeys of both a young woman and a city as they navigate the various, sometimes contradictory paths of coming into one’s own.
