AUTUMN CONOR

[Algebra 1, Student Edition](#) McGraw-Hill/Glencoe

A self-teaching guide to basic arithmetic, covering whole numbers, fractions, percentages, ratio and proportion, basic algebra, basic geometry, basic statistics and probability You'll be able to learn more in less time, evaluate your areas of strength and weakness and reinforce your knowledge and confidence.

Glencoe Math 2016, Course 2 Student Edition McGraw-Hill Education

High school algebra, grades 9-12.

[Glencoe Math, Course 3, Student Edition, Volume 2](#) McGraw-Hill Education

"The text is suitable for a typical introductory algebra course, and was developed to be used flexibly. While the breadth of topics may go beyond what an instructor would cover, the modular approach and the richness of content ensures that the book meets the needs of a variety of programs."--Page 1.

McGraw-Hill's 12 SAT Practice Tests with PSAT, 2ed McGraw-Hill Education

The Glencoe Math Accelerated Student Edition prepares students for the rigor of algebra.

Integrated Math, Course 1, Student Edition Glencoe/McGraw-Hill School Publishing Company

Softbound Interactive Student Text is divided into a two-volume set that is perfed and 3-hole punched for easy organization for middle school students. This is volume 1.

Problem-solving skills opportunities

Glencoe Precalculus Student Edition Glencoe/McGraw-Hill

"Prealgebra is designed to meet scope and sequence requirements for a one-semester prealgebra course. The text introduces the fundamental concepts of algebra while addressing the needs of students with diverse backgrounds and learning styles. Each topic builds upon previously developed material to demonstrate the cohesiveness and structure of mathematics. Prealgebra follows a nontraditional approach in its presentation of content. The beginning, in particular, is presented as a sequence of small steps so that students gain confidence in their ability to succeed in the course. The order of topics was carefully planned to emphasize the logical progression throughout the course and to facilitate a thorough understanding of each concept. As new ideas are presented, they are explicitly related to previous topics."--BC Campus website.
