The giant characters of history - from Mozart to

Michelangelo, Shakespeare to Einstein, Henry VIII to Hitler, Catherine the Great to Margaret Thatcher, Jesus Christ to Genghis Khan - lived lives of astonishing drama and adventure, debauchery and slaughter, but they also formed our world and will shape our future. In this eclectic and surprising collection of short and entertaining life stories, Simon Sebag Montefiore introduces his choice of

kings, empresses, sultans and conquerors, as well as prophets, explorers, artists, actresses, courtesans and psychopaths. From the ancient times, via crusades and world wars, up to the 21st century, this accessible history introduces readers to the titans who changed the world: the characters we should all know, and the stories we should never forget.

From London to Ireland during the 1920s, this glorious, gripping, and richly textured story takes us to the heart of the

remarkable real-life story of the Guinness Girls—perfect for fans of *Downton Abbey* and Julian Fellowes' *Belgravia*. Descendants of the founder of the Guinness beer empire, they were the toast of 1920s high society, darlings of the press, with not a care in the world. But Felicity knows better. Sent to live with them as a child because her mother could no longer care for her, she grows up as

the sisters' companion. Both an outsider and a part of the family, she witnesses the complex lives upstairs and downstairs, sees the compromises and sacrifices beneath the glamorous surface. Then, at a party one summer's evening, something happens that sends shock waves through the entire household. Inspired by a remarkable true story and fascinating real events, *The Glorious Guinness Girls*

is an unforgettable novel about the haves and have-nots, one that will make you ask if where you find yourself is where you truly belong.

The Kindness Method

Quercus
Imprisoned in the Gulags for a crime he did not commit, Benya Golden joins a penal battalion made up of Cossacks and convicts to fight the Nazis. He enrolls in the Russian cavalry, and on a hot summer day

in July 1942, he and his band of brothers are sent on a suicide mission behind enemy lines—but is there a traitor among them?

The only thing Benya can truly trust is his horse, Silver Socks, and that he will find no mercy in onslaught of Hitler's troops as they push East. Spanning ten epic days, between Benya's war on the grasslands of southern Russia and Stalin's intrigues in

the Kremlin, between Benya's intense affair with an Italian nurse and a romance between Stalin's daughter and a war correspondent, this is a sweeping story of passion, bravery, and survival—where betrayal is a constant companion, death just a heartbeat away, and love, however fleeting, offers a glimmer of redemption.

The New York

Times–bestselling author Amy Sohn presents a narrative history of Anthony Comstock, anti-vice activist and U.S. Postal Inspector, and the remarkable women who opposed his war on women’s rights at the turn of the twentieth century. Anthony Comstock, special agent to the U.S. Post Office, was one of the most important men in the lives of

nineteenth-century women. His eponymous law, passed in 1873, penalized the mailing of contraception and obscenity with long sentences and steep fines. The word Comstockery came to connote repression and prudery. Between 1873 and Comstock’s death in 1915, eight remarkable women were charged with violating state and federal Comstock laws. These “sex radicals”

supported contraception, sexual education, gender equality, and women’s right to pleasure. They took on the fearsome censor in explicit, personal writing, seeking to redefine work, family, marriage, and love for a bold new era. In *The Man Who Hated Women*, Amy Sohn tells the overlooked story of their valiant attempts to fight Comstock in court and in the press.

They were publishers, writers, and doctors, and they included the first woman presidential candidate, Victoria C. Woodhull; the virgin sexologist Ida C. Craddock; and the anarchist Emma Goldman. In their willingness to oppose a monomaniac who viewed reproductive rights as a threat to the American family, the sex radicals paved the way for second-wave feminism.

Risking imprisonment and death, they redefined birth control access as a civil liberty. *The Man Who Hated Women* brings these women's stories to vivid life, recounting their personal and romantic travails alongside their political battles. Without them, there would be no Pill, no Planned Parenthood, no Roe v. Wade. This is the forgotten history of the women who waged war to control their

bodies. *History of Israel* Pegasus Books Peter Schmeichel is an undisputed giant of the global game -- and *One: My Autobiography* is his story. As a serial winner and larger-than-life character with Manchester United and Denmark, he rivalled Gordon Banks and Lev Yashin as the world's greatest goalkeeper. Sir Alex Ferguson, having paid just £505,000 to sign him in 1991, hailed

him as 'the bargain of the century'. Schmeichel would become a key figure in United's successes during the ensuing decade, starting with a first domestic league title in more than a quarter of a century. His silverware spree culminated when he captained Ferguson's side in the incredible, last-gasp Treble-clinching win over Bayern Munich in the 1999 Champions

League final. In One: My Autobiography he delivers the inside track on that crazy, breathless night in Barcelona and on Old Trafford's galaxy of stars, including Eric Cantona and David Beckham, not to mention United's visionary manager. However, Schmeichel's story is no mere litany of triumphs and household names. He tells how he nearly died aged 15, and

recalls a turbulent relationship with his father, an alcoholic Polish musician. His life after football, seldom straightforward, is explored with astonishing candour. Peter's own son Kasper emulated him by winning the Premier League with Leicester and taking over in Denmark's goal. It is a proud legacy, ensuring that One: My Autobiography is actually the story of two

goalkeeping
Schmeichels.

and Ewuare, the African emperor who built a capital city that rivaled any in Europe. He writes, too, about remarkable women rulers, like Hatshepsut, the first female pharaoh, and Maria Theresa, the only woman to rule the Habsburg empire. These families represent the breadth of human endeavor, with bloody civil wars, treacherous conspiracies, and shocking megalomania

alongside flourishing culture, moving romances, and enlightened benevolence. A dazzling epic history as spellbinding as fiction, The World is testament to Simon Sebag Montefiore's acclaimed career as our poet laureate of power.

The Prince of Princes Knopf

There are just so many of those things that history is holding inside and whenever one tries to look over for the facts which are left behind, there

is that amazing and astounded feeling of getting overwhelmed. So is the case with history of Israel which talks about so many of those things that happened with the existence of this country. Harper Collins Outstanding selection of great letters from ancient times to the 21st century, touching on power, love, art, sex, faith, and war. Written in History: Letters that Changed the World

celebrates the great letters of world history, and cultural and personal life. Bestselling, prizewinning historian Simon Sebag Montefiore selects letters that have changed the course of global events or touched a timeless emotion—whether passion, rage, humor—from ancient times to the twenty-first century. Some are noble and inspiring, some despicable and unsettling,

some are exquisite works of literature, others brutal, coarse, and frankly outrageous, many are erotic, others heartbreaking. It is a surprising and eclectic selection, from the four corners of the world, filled with extraordinary women and men, from ancient times to now. Truly a choice of letters for our own times encompassing love letters to calls for liberation to declarations of

war to reflections on life and death. The writers vary from Elizabeth I and Catherine the Great to Mandela, Stalin and Picasso, Fanny Burney and Emily Pankhurst to Ada Lovelace and Rosa Parks, Oscar Wilde, Chekhov and Pushkin to Balzac, Mozart and Michelangelo, Hitler, Rameses the Great and Alexander Hamilton to Augustus and Churchill, Lincoln, Donald Trump

and Suleiman the Magnificent. In a book that is a perfect gift, here is a window on astonishing characters, seminal events, and unforgettable words. In the colorful, accessible style of a master storyteller, Montefiore shows why these letters are essential reading and how they can unveil and enlighten the past—and enrich the way we live now. *The Greatest Missions of the Israeli*

Secret Service
Random House
“Reads like a World War II thriller, only better because every word is true.... One of the great untold stories of history. Robert Gandt has brought it vividly, unforgettably to life.”
—Steven Pressfield, best-selling author of *Gates of Fire*
In 1948, when the newly founded nation of Israel came under siege from a coalition of Arab states, a

band of volunteer airmen from the United States, Canada, Britain, France, and South Africa arrived to help. They were a small group, fewer than 150. Many were World War II veterans; most of them knowingly violated their nations’ embargoes on the shipment of arms and aircraft to Israel. The airmen risked everything—their careers, citizenship, and lives—to fight for Israel.

The saga of the volunteer airmen in Israel's war of independence stands as one of the most stirring—and little-known—war stories of the past century. [Red Sky at Noon](#) Profile Books Contains primary source material. [How One Man and Ten Symphonies Changed Our World](#) Farrar, Straus and Giroux Why Mahler? Why does his music affect us in the way it does? Norman

Lebrecht, one of the world's most widely read cultural commentators, has been wrestling obsessively with Mahler for half his life. Following Mahler's every footstep from birthplace to grave, scrutinizing his manuscripts, talking to those who knew him, Lebrecht constructs a compelling new portrait of Mahler as a man who lived determinedly outside his own times. Mahler was—along

with Picasso, Einstein, Freud, Kafka, and Joyce—a maker of our modern world. Why Mahler? is a book that shows how music can change our lives. [A Play for the End of the World](#) Vintage This rich and magisterial work traces Palestine's millennia-old heritage, uncovering cultures and societies of astounding depth and complexity that stretch back to the very beginnings of

recorded history. Starting with the earliest references in Egyptian and Assyrian texts, Nur Masalha explores how Palestine and its Palestinian identity have evolved over thousands of years, from the Bronze Age to the present day. Drawing on a rich body of sources and the latest archaeological evidence, Masalha shows how Palestine's multicultural past has been distorted and mythologised by Biblical lore

and the Israel-Palestini an conflict. In the process, Masalha reveals that the concept of Palestine, contrary to accepted belief, is not a modern invention or one constructed in opposition to Israel, but rooted firmly in ancient past. Palestine represents the authoritative account of the country's history. *Letters That Changed the World* Can Akdeniz Inspired by a true story, prize-winning

historian and acclaimed novelist Simon Sebag Montefiore explores the consequences of forbidden love in this heartbreaking epic of marriage, childhood, danger, and betrayal that unfolds in Stalin's Moscow during the bleak days after World War II. As Moscow celebrates the motherland's glorious victory over the Nazis, shots ring out on the crowded streets. On a

nearby bridge, a teenage boy and girl—dressed in traditional nineteenth-century costumes—lie dead. But this is no ordinary tragedy, because these are no ordinary teenagers. As the son and daughter of high-ranking Soviet officials, they attend the most elite school in Moscow. Was it an accident, or murder? Is it a conspiracy against Stalin, or one of his own terrifying intrigues? On Stalin's

instructions, a ruthless investigation begins into what becomes known as the Children's Case. Youth across the city are arrested and forced to testify against their friends and their parents. As families are ripped apart, all kinds of secrets come spilling out. Trapped at the center of this witch-hunt are two pairs of illicit lovers, who learn that matters of the heart exact a terrible price. By turns a darkly sophisticated

political thriller, a rich historical saga, and a deeply human love story, Montefiore's masterful novel powerfully portrays the terror and drama of Stalin's Russia. *The Imperial Love Affair* Harper Collins A New York Times Book Review Editors' Choice A teacher, a scholar, a philosopher, and an eyewitness to history, Sari Nusseibeh is one of our most urgent

and articulate authorities on the conflict in the Middle East. From his time teaching side by side with Israelis at the Hebrew University through his appointment by Yasir Arafat to administer the Arab Jerusalem, he has held fast to the principles of freedom and equality for all, and his story dramatizes the consequences of war, partition, and terrorism as few other books have done. This autobiography brings rare depth and compassion to the story of his country.
