A Maisie Dobbs Novel Henry Holt and Company

Without the Sex Pistols there would be no punk. And without Steve Jones there would be no Sex Pistols. It was Steve who, with his schoolmate Paul Cook, formed the band that eventually went on to become the Sex Pistols and who was its original leader. As the world celebrates the 40th anniversary of punk -- the influence and cultural significance of which is felt in music, fashion, and the visual arts to this day--Steve tells his story for the very first time. Steve Jones's modern Dickensian tale began in the street of Hammersmith and Shepherd's Bush, West London, where as a lonely, neglected boy living off his wits and petty thievery he was given purpose by the glam art rock of David Bowie and Roxy Music. He became one of the first generation of ragamuffin punks taken under the wings of Malcolm McLaren and Vivienne Westwood. In *Lonely Boy*, Steve describes the sadness of never having known his real dad, the abuse he suffered at the hands of his stepfather, and how his interest in music and fashion saved him from a potential life of crime spent in remand centers and prisons. He takes readers on his journey from the Kings Road of the early '70s through the years of the Sex Pistols, punk rock, and the recording of "Anarchy in the UK" and *Never Mind the Bollocks*. He recounts his infamous confrontation on Bill Grundy's *Today* program -- the interview that ushered in the "Filth and the Fury" headlines that catapulted punk into the national consciousness. And he delves into the details of his self-imposed exile in New York and Los Angeles, where he battled alcohol, heroin, and sex addiction but eventually emerged to gain fresh acclaim as an actor and radio host. *Lonely Boy* is the story of an unlikely guitar hero who, with the Sex Pistols, transformed twentieth-century culture and kick-started a social revolution.

This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis: romantic, passionate love. Ethel Person views romantic love as a powerful agent of change, arguing that it is as central to human culture as it is to human existence. This new edition of *Dreams of Love and Fateful Encounters* emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love-related issues -- from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love. She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts. Employing a philosophical perspective in order to understand the existential dilemmas posed by love, and a cultural perspective in

order to understand its cultural variability, Dr. Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love. She acknowledges love's vital importance and power, proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love. Among the issues she discusses are: romantic love's sources in our early lives, its relationship to imagination and creativity, and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love, love across generations, and love triangles, focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature, film, and real life, Person focuses on the lover's internal soliloquy and external dialogue with the beloved that can develop over an individual's life. An uplifting resource for people experiencing failing or unorthodox romances, *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers, to professionals who encounter patients for whom key conflicts revolve around romantic love, and to anyone who has struggled to understand the importance of romantic love in his or her own life.

The exciting and inspiring true story of Apollo 8, the first crewed spaceship to break free of the Earth's orbit and reach the moon, by the best-selling author of Apollo 13. What's more exciting than spaceships and astronauts? How about a spaceship carrying the first astronauts ever to see the moon firsthand--on Christmas! The year was 1968, and the American people were still reeling from the spacecraft fire that killed the Apollo 1 crew a year earlier. On top of that, there were rumors that the Russian cosmonauts were getting ready to fly around the moon. NASA realized that they needed to take a bold step--and that they needed to take it now. They wanted to win the space race against Russia and hold true to President Kennedy's promise to put a man on the moon by the end of the decade. So in a risky move, a few days before Christmas of that year, they sent Frank Borman, Jim Lovell, and Bill Anders to the moon! This book about the exciting and inspiring true story of Apollo 8, the first crewed spaceship to break free of Earth's orbit and reach the moon, tells the story of these three brave men, the frantic rush to get their rocket ready, and the journey that gave the American people--and the world--a new look at the planet we live on and the corner of space we inhabit. Filled with the science and training required to put a person into space, and every detail of what it's like to live in a spaceship for days on end (including what happens when astronauts need to use the bathroom), this book is sure to leave kids clamoring for a spot on the next mission to outer space.

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an

unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the "news dissector" Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary WBCN and the American Revolution is available as a DVD sold separately.

Why Does Daddy Always Look So Sad? is a poignant and honest memoir detailing Jude Morrow's journey to parenthood, and how his autism profoundly affected that journey, for both better and worse, bringing hope to all who live with autism as well as those who care for someone on the spectrum. I knew that Jupiter has seventy-nine known moons and where the swimming pool was located on the Titanic, yet I didn't know how to connect with this beautiful child who called me "Daddy." Why Does Daddy Always Look So Sad? is a candid view of life and love through the eyes of an autistic adult—who went from being a nonverbal and aggressive child to a hard working and responsible father to a non-autistic son. Growing up autistic, Jude Morrow faced immense challenges and marginalization, but he was able to successfully—though not without difficulty—finish university and transition into a successful career and eventually parenthood. Those with autism can have difficulty understanding the world around them and can find it hard to find their voice, but in this poignant and honest memoir, Jude defiantly uses his found voice to break down the misconceptions and societal beliefs surrounding autism, bringing hope to all who live with autism as well as those who care for someone on the spectrum. Jude views his autism as a gift to be shared, not a burden to be pitied, and as he demonstrates through his honest recollections and observations, autistic people's lives can be every bit as happy and fulfilling as those not on the spectrum.

ISBN-13: 978-1-78379-502-4 "Not on bread alone doth man live," said Christ Our Lord, quoting Deuteronomy to the Devil. Everybody knows the phrase, and most people tend to complete it according to their own fancy of what is most important to the hungry soul of man. But it had its own completion in Deuteronomy and Our Lord reminded the Devil of that too—"but by every word that proceedeth from the mouth of God." Revealed truth, then, is food. Now it is a peculiarity of food that it nourishes only those who eat it. We are not nourished by the food that someone else has eaten. To be nourished by it, we must eat it ourselves. Wilfrid Sheed arrived in this country as an English kid worried about his house being bombed and his country being invaded. Yet within a year he had become a typical 10-year-old baseball nut,

with nothing worse on his mind than Bronx Bombers and Enos Slaughters and Bean-ball wars. Only in America - that year, anyway. His personal Ellis Islands were the ballparks of the 1940s, especially Shibe Park in Philadelphia, Ebbets Field in Brooklyn, and any surface anywhere on which kids his age were trying to get a game together - and he has left his heart in all of them.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

"Heart of Fire is a revelatory, evocative, deeply moving book." —Washington Post "Amazing . . . a memoir I really loved." —Secretary Hillary Clinton, "You and Me Both" podcast "A beautiful book." —Trevor Noah, *The Daily Show* The intimate and inspiring life story of Mazie Hirono, the first Asian-American woman and the only immigrant serving in the U.S. Senate. Mazie Hirono is one of the most fiercely outspoken Democrats in Congress, but her journey to the U.S. Senate was far from likely. Raised on a rice farm in rural Japan, she was seven years old when her mother, Laura, left her abusive husband and sailed with her two elder children to Hawaii, crossing the Pacific in steerage in search of a better life. Though the girl then known as "Keiko" did not speak or read English when she entered first grade, she would go on to serve as a state representative and as Hawaii's lieutenant governor before winning election to Congress in 2006. In this deeply personal memoir, Hirono traces her remarkable life from her earliest days in Hawaii, when the family lived in a single room in a Honolulu boarding house while her mother worked two jobs to keep them afloat, to her emergence as a highly effective legislator whose determination to help the most vulnerable was grounded in her own experiences of economic insecurity, lack of healthcare access, and family separation. Finally, it chronicles Hirono's recent transformation from dogged yet soft-spoken public servant into the frank and fiery advocate we know her as today. For the vast majority of Mazie Hirono's five decades in public service, even as she fought for the causes she believed in, she strove to remain polite and reserved. Steeped in the nonconfrontational cultures of Japan and Hawaii, and aware of the expectations of women in politics—chiefly, that they should never show an excess of emotion—she had schooled herself to bite her tongue, even as her male colleagues continually underestimated her. After the 2016 election, however, she could moderate herself no longer. In the face of a dangerous administration—and amid crucial battles with lasting implications for our democracy, from the Kavanaugh hearings to the impeachment trial—Senator Hirono was called to give voice to the fire that had always been inside her. The compelling and moving account of a woman coming into her own power over the course of a lifetime in public service, and of the mother whose courageous choices made her life possible, *Heart of Fire* is the story of a uniquely American journey, told by one of those fighting hardest to ensure that a story like hers is still possible in this country.

Hurricane season begins early and rumbles all summer long, well into September. Often people's lives reflect the weather and *The Hurricane Sisters* is just such a story. Once again New York Times bestselling author Dorothea Benton Frank takes us deep into the heart of her magical South Carolina Lowcountry on a tumultuous journey filled with longings, disappointments, and, finally, a road toward happiness that is hard earned. There we meet three generations of women buried in secrets. The determined matriarch, Maisie Pringle, at eighty, is a force to be reckoned with because she will have the final word on everything, especially when she's dead wrong. Her daughter, Liz, is caught up in the classic maelstrom of being middle-age and in an emotionally demanding career that will eventually open all their eyes to a terrible truth. And Liz's beautiful twenty-something daughter, Ashley, whose dreamy ambitions of her unlikely future keeps them all at odds. Luckily for Ashley, her wonderful older brother, Ivy, is her fierce champion but he can only do so much from San Francisco where he resides with his partner. And Mary Beth, her dearest friend, tries to have her back but even she can't talk headstrong Ashley out of a relationship with an ambitious politician who seems slightly too old for her. Actually, Ashley and Mary Beth have yet to launch themselves into solvency. Their prospects seem bleak. So while they wait for the world to discover them and deliver them from a ramen-based existence, they placate themselves with a hare-brained scheme to make money but one that threatens to land them in huge trouble with the authorities. So where is Clayton, Liz's husband? He seems more distracted than usual. Ashley desperately needs her father's love and attention but what kind of a parent can he be to Ashley with one foot in Manhattan and the other one planted in indiscretion? And Liz, who's an expert in the field of troubled domestic life, refuses to acknowledge Ashley's precarious situation. Who's in charge of this family? The wake-up call is about to arrive. The Lowcountry has endured its share of war and bloodshed like the rest of the South, but this storm season we watch Maisie, Liz, Ashley, and Mary Beth deal with challenges that demand they face the truth about themselves. After a terrible confrontation they are forced to rise to forgiveness, but can they establish a new order for the future of them all? Frank, with her hallmark scintillating wit and crisp insight, captures how a complex family of disparate characters and their close friends can overcome anything through the power of love and reconciliation. This is the often hilarious, sometimes sobering, but always entertaining story of how these unforgettable women became *The Hurricane Sisters*. **To the Moon!** Victory Belt Publishing
