 Studying the exercises in Hanon's *The Virtuoso Pianist* is a rite of passage for serious piano players--and it has been for over 100 years. A staple of conservatory curricula around the world, the thorough technical training offered by this book is unmatched by any other. Hanon's drills are divided into three distinct sections, progressing from simple to complex. The first set aims to develop strength and independence in the fingers. This part includes repeated notes, repeated double notes, scales in thirds and octaves, tremolos, trills, and more. *The Virtuoso Pianist* is a challenging and instructive book for players of all ages, skill levels, and traditions.

The third concert etude in D-flat major from Liszt's *Trois etudes de concert* will challenge advanced pianists with its constant hand-crossings and varying number of cascading notes per measure in the accompaniment. A lovely pentatonic melody is embedded in the rolling arpeggio-like patterns, frequently played by alternating hands throughout the piece. Keeping this cantando melodic line distinct and phrased while transparently maintaining the flowing accompaniment is the primary challenge of this masterwork. This edition is based on *Musikalische Werke herausgegeben von der Franz Liszt-Stiftung, Series II*, edited by Ferruccio Busoni.

My Neighbor Totoro is a long-standing international icon of Japanese pop culture that grew out of the partnership between the legendary animator Miyazaki Hayao and the world-renowned composer Joe Hisaishi. A crucial step in the two artists' collaboration was the creation of the album, *My Neighbor Totoro: Image Song Collection*, with lyrics penned by Miyazaki and Nakagawa Rieko, a famed children's book author, and music composed by Hisaishi. The album, released in 1987 prior to the opening of the film, served not only as a promotional product, but also provided Miyazaki with concrete ideas about the characters and the themes of the film. This book investigates the extent to

which Hisaishi's music shaped Miyazaki's vision by examining the relationship between the images created by Miyazaki and the music composed by Hisaishi, with special emphasis on their approaches to nostalgia, one of the central themes of the film.
