A psychiatric resident's firsthand account reveals his struggles with the homeless, suicidal, and paranoid, and his frustrations with hospital politics and the limitations of an inexact science. Fresh from medical school, Robert Klitzman began his residency in psychiatry with excitement

and a sense of mission. But he was not prepared for what he found inside the city psychiatric center where he was to spend three grueling years. In truth, as Dr. Klitzman's absorbing account of his apprenticeship reveals, he never ceased to be surprised—by his patients, by the senior psychiatrists' conflicting advice on how to help them, and by the unpredictable results of the therapies, both psychoanalytic and biologic, that he and his fellow residents practiced. Nights in the emergency room, professional controversy, the minefield of hospital

politics, the stress of his own therapy-- everything is here, in a passionate and illuminating analysis of a doctor's struggle against tremendous odds to banish his patients' demons.

Engineers of Dreams Simon and Schuster
Still recovering from a divorce and the death of her parents, Rachel is living in the large house she grew up in. Upon meeting an African American veteran and his five-year-old son, she begins to hope for a new life. But when her estranged brother shows up demanding to move in to her back cottage, he threatens to ruin

everything. He is disturbed, gun-obsessed, and, as Rachel discovers, involved with people who threaten much more than her dream of a happy home. Addressing themes of love, hate, social fracturing, and violent white supremacy, *House of Fragile Dreams* is not just a suspenseful love story; it's a poignant reflection of a country in troubled times. "For readers drawn to our contemporary social issues, *House of Fragile Dreams* is a must read. In crafting this compelling tale of the relationship between a privileged white woman and a struggling black veteran with a child, Moose unapologetically highlights today's hot-button issues of family conflict, race, domestic terrorism, poor choices, and more." - Nancy Klann-Moren, award-winning author of *The Clock of Life* and *Like The Flies On The Patio* "On its surface, *House of Fragile Dreams* is a tale of two estranged siblings: one driven by filial duty and compassion, the other tormented by obsession, and maybe something far darker and more deadly. But, guided by the sure hand of this gifted author, the narrative evolves into an exploration of the machinations of the heart, and the tragic repercussions from a

single regrettable decision. The prose itself is confident and conversational, the dialogue both passionate and keenly observed. In all, this lovely book reverberates with realism, insight, and empathy, ultimately revealing an uncommon understanding of the myriad strengths and frailties of the human spirit." - Baron R. Birtcher, award-winning author of *Fistful of Rain*

Discover the award-winning debut novel by the New York Times bestselling author of *The Immortalists*, a "majestic collision of sci-fi thriller and love story" (Bustle) about a young woman struggling with questions of love, trust, and ethics as the line between dreams and reality dangerously blurs. When Sylvie Patterson, a bookish student at a Northern California boarding school, falls in love with a spirited, elusive classmate named Gabe, they embark on an experiment that changes their lives. Their headmaster, Dr. Adrian Keller, is a charismatic medical researcher who has staked his career on the therapeutic potential of lucid dreaming: by teaching his patients to become conscious during sleep, he believes he can relieve stress

and trauma. Over the next six years, Sylvie and Gabe become consumed by Keller's work, following him across the country. But when an opportunity brings the trio to the Midwest, Sylvie and Gabe stumble into a tangled relationship with their mysterious neighbors—and Sylvie begins to doubt the ethics of Keller's research. As she navigates the hazy, permeable boundaries between what is real and what isn't, who can be trusted and who cannot, Sylvie also faces surprising developments in herself—an unexpected infatuation, growing paranoia, and a new sense of rebellion. With stirring, elegant prose, "Chloe Benjamin has crafted an eerie, compelling first novel which, like the lingering effects of a vivid dream, resonates long past its finish" (Karen Brown, *The Longings of Wayward Girls*).

***** Greece
1936. A young British diplomat and his wife have been posted to Athens. Hugh loves the life there but his spirited and unconventional wife, Evadne, finds it hard to fit in with the whirl of endless parties and socialising. When Hugh is sent to Crete to sort out a problem, they stay in a rundown house owned by his family. His wife falls in love with the place and the people, and stays on when Hugh returns to his duties. As she tries to rebuild the ramshackle home, Evadne - known as Heavenly by the locals - makes firm friends with Anthi, a young woman from the village and Christo, the handsome and charismatic young builder. But the dark clouds of war are gathering and the island will become a crucible of violence and bloodshed in the days to come. For Heavenly, her friends and family, it will be the greatest test they have ever known.

The New New Home HarperCollins
Today's new-home buyers face unprecedented opportunity and risk. Thanks to recent builder innovations and lower house payments, buyers have the opportunity of a lifetime to build the house of their dreams. Yet given recent history of unprecedented depreciation in home values, consumers venturing into the new-home market take a big chance. In The New New Home, Boyce Thompson, the editorial director of Builder magazine for 17 years, demystifies the challenges and opportunities facing new homebuyers. In it, he lays out the new green, high-tech, aging in place, space planning, and construction options available in today's market. He helps buyers determine which features will improve their living experience today and create value if they sell their home down the road. The New New Home is the one book that anyone contemplating buying or building a new home needs to read. It arms new-home buyers with the actionable information that they need to make intelligent choices.

—FOREWORD REVIEWS, starred review
Before Us Like a Land of Dreams follows a disheartened mother traveling an evocative route through the arid West. As her narration fades, the ancestral dead speak directly: a ragged Mormon boy yearns after a Shoshone family. A defeated polygamous wife shuts her mouth for good. A hoarder's queer son demolishes the artifacts of his lonely Idaho childhood. Descendants of British squatters sustain family delusions until a devastating suicide shatters their royal dreams. An elite colonial clan gradually awakens to the stark blue of the Great Salt Lake. The dead yield no answers, but they conjure vivid mortal moments set in iconic—and diminishing—American places. KARIN ANDERSON is a gardener, writer, mother, wanderer, heretic, and English professor. She hails from the Great Basin of Utah.

The Book of Dreams A Thomas Dunne Book for St. Martin's Griffin

A revolutionary memoir about domestic abuse by the award-winning author of *Her Body and Other Parties* In the Dream House is Carmen Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her religious adolescence, unpacks the stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of

abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, Star Trek, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

Petroski reveals the science and engineering--not to mention the politics, egotism, and sheer magic--behind America's great bridges, particularly those constructed during the great bridge-building era starting in the 1870s and continuing through the 1930s. It is the story of the men and women who built the St. Louis, the George Washington, and the Golden Gate bridges, drawing not only on their mastery of numbers but on their gifts

for persuasion and self-promotion. It is an account of triumphs and ignominious disasters (including the Tacoma Narrows Bridge, which literally twisted itself apart in a high wind). And throughout this grandly engaging book, Petroski lets us see how bridges became the "symbols and souls" of our civilization, as well as testaments to their builders' vision, ingenuity, and perseverance. "Seamlessly linked...With astonishing scope and generosity of view, Mr. Petroski places the tradition of American bridge-building in perspective."--New York Times Book Review

The House of Dreams House of Anansi Having taken early retirement the author, David Charles, and his manic depressive wife Hazel, decide to rescue their failing marriage with disastrous results. Selling the majority of their belongings and buying an ageing car they drive to southern Spain, buy a plot of land on a mountain and, amid many adventures and setbacks, begin to build their new life. It is not long before Hazel's depression returns and in desperation she attempts to commit suicide. Rescued in the nick of time, and hospitalised, Hazel begins a

course of psychiatric therapy but the treatment that is designed to cure her, and her marriage, backfires disastrously when she reveals her deep secret, which finally destroys the marriage and rips the family apart.

House of Dreams: The Life of L. M. Montgomery Macmillan

To a modern visitor nothing will seem more British than a classic country house like Cliveden or Leeds Castle. But the truth is actually very different. That such fabulous places exist in their present form - or in the case of, say, Blenheim, survive in the ownership of the family - is as much as anything down to American money and taste. Now, for the first time, Clive Aslet's magnificent book reveals the extent of this remarkable phenomenon. Covering eighteen Americans and their houses - from the captivating May Goelet and Floors Castle in Scotland to the big game hunter Willie James and West Dean Park on the south coast - he illustrates the varied destinies by which stupendously wealthy Americans ended up owning great stately piles, and the variety of transformations they wrought upon them. Some of the marriages between

aristocrats and heiresses were happy, others distinctly less so. Dowries went on new roofs to keep the rain out and electric lighting and central heating to modernise dwellings that could be as wintry as the hearts of their ancestral owners. For self-made magnates like William Randolph Hearst or Gordon Selfridge a country house was a rich man's folly - Hearst filled St Donat's castle in Wales with untold fittings and trophies but hardly ever visited it, Selfridge's pharaonic vision for Hengistbury Head never escaped the drawing board. For others, like Andrew Carnegie at Skibo or Sir Paul Getty at Wormsley, it was the chance to out-do the natives by creating idylls of baronial splendour or arcadian cricket fields. But the American influence, as Clive Aslet shows, was lasting, and profound beyond architecture and design. What became known as the 'country house look' was codified by an American - Nancy Lancaster. The greatest of early twentieth-century gardens, Hidcote, was created by an American, Lawrence Johnston. It was an American romance - with Wallis Simpson at Fort Belvedere - that caused Edward VIII to abdicate. Illustrated throughout with

magnificent photographs, *An Exuberant Catalogue of Dreams* is a fascinating chronicle of how it happened that, as Gladstone's Chancellor of the Exchequer remarked in 1898, 'We are all Americans now'.

Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death. Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father's bedside every

day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

The House of Dreams-Come-True Simon and Schuster

Fifteen year old Jesse Fuller is forced to move from the big city into an old, abandoned house in a tiny village in the middle of nowhere. To top it off, she is forced to share a room with her little brother! The first night, Jesse finds her sleep disturbed by strange and vivid dreams. She soon learns from the other kids in her class that the house she now

lives in has a mysterious past. First driven by curiosity, Jesse starts to dig deeper into its history, to understand why she is plagued by these dreams, and learns that her own family story may be tied up in it. Before long she finds herself on a desperate quest for a talisman that she believes will help her escape the dreams and forget what she knows about the house.

Lucy Maud Montgomery Aurum Press
Mary Henley Rubio has spent over two decades researching Montgomery's life, and has put together a comprehensive and penetrating picture of this Canadian literary icon, all set in rich social context. Extensive interviews with people who knew Montgomery – her son, maids, friends, relatives, all now deceased – are only part of the material gathered in a journey to understand Montgomery that took Rubio to Poland and the highlands of Scotland. From Montgomery's apparently idyllic childhood in Prince Edward Island to her passion-filled adolescence and young adulthood, to her legal fights as world-famous author, to her shattering experiences with motherhood and as wife to a deeply troubled man, this fascinating,

intimate narrative of her life will engage and delight.

Landscape of Dreams Simon and Schuster
"I am a woman that came from the cotton fields of the South; I was promoted from there to the wash-tub; then I was promoted to the cook kitchen, and from there I promoted myself into the business of manufacturing hair goods and preparations." --Madam C. J. Walker, National Negro Business League Convention, 1912 Now, from a writer acclaimed for her novels and the memoir *Crossed Over*, a remarkable biography of a truly heroic figure. Madam C. J. Walker created a cosmetics empire and became known as the first female self-made millionaire in this nation's history, a noted philanthropist and champion of women's rights and economic freedom. These achievements seem nothing less than miraculous given that she was born, in 1867, to former slaves in a hamlet on the Mississippi River. How she came to live on another river, the Hudson, in a Westchester County mansion, and in a New York City town house, is at once inspirational and mysterious, because for all that is known about the famous

entrepreneur, much that occurred before her magnificent transformation—years that trace a circuitous route across the country—remains obscure. By breathing life into scattered clues and dry facts, and with a deep understanding of the times and places through which Madam Walker moved, Beverly Lowry tells a story that stretches from the antebellum South to the Harlem Renaissance and bridges nearly a century of our history in her search for the distant truths of a woman who defied all odds and redefined conventional expectations. “Wherever there was one colored person, whether it was a city, a town, or a puddle by the railroad tracks, everybody knew her name.” --Violet Davis Reynolds, Stenographer, Madam C. J. Walker Co

 In her own creative writing and teaching, prolific author Jenny Alexander uses techniques she has developed from four decades of working with dreams. Each chapter in this unique book begins with an introduction to an aspect of dream experience, such as archetypal symbols or 'voice of God' dreams, continues with a section of memoir to show how the author has experienced it in her own dream-life and finishes with some practical writing exercises based on the theme. Writers don't need to remember their dreams in order to use these techniques, but there are practical instructions about recalling and working with dream material for those who want to try. Dreamers can use the writing exercises to deepen and expand their experience of dreaming. 'I learnt things, my mind was opened, and it was a damn good read' - Nicola Morgan, award winning author
