#### English Grammar Rules You Must Know Macmillan

A lot of people who want to learn English complain that it is too hard to learn, but what if it weren't? If English were actually really easy - and fun! - to learn, would you take a little time every day to study it? What would it mean to you if we guaranteed that you could know all the English grammar necessary for you to be fluent by studying it for 1 hour every day? That is what this book is all about. We teach you all the grammar that you need to know to become completely fluent in beginning-level English. As you learn grammar our way, the correct way, three things will happen: 1) grammar won't be hard to learn, 2) you will be able to communicate with most people on a basic level, and 3) you will actually enjoy learning it. This book is intended for everyone who wants to learn English as a non-native speaker. It teaches the basic principles of English grammar so that any ESL/ELL student can achieve basic communication skills. ESL teachers, and other teachers required to teach ESL in their classrooms, will also find this guide very helpful. We, as the English Masters, sat down and asked ourselves, "What grammar rules does someone need to know in order to be completely fluent in English? Okay, now let's make sure every English learner has access to them." We are bringing you this book so that whoever you are - a teacher, a student learning English, a mother or father learning more English to speak at their jobs or with their children - you will know the grammar you need to communicate with other English speakers about many different situations and topics. 1-Hour Grammar is the best grammar book you can find because it is completely geared towards adults and young adults. Most ESL grammar resources are very childish, or if they have been written for adults, they aren't designed well at all and are overly complicated. This book was designed to be an attractive, easy-to-use resource from which any older student can learn because until now, something like that just didn't exist. Those considering which ESL grammar books will help them the most will find this resource to be superior, as 1-Hour Grammar teaches you the correct way. Other resources are completely incorrect when it comes to helping you learn, remember, and use English grammar, but 1-Hour Grammar bridges that gap and helps you become fluent in English, even within 1 hour of study. We guarantee that: if you study from this book for 1 hour every day, you will learn the fundamentals of English within two months. If you study grammar for 1 hour every week, we guarantee you will learn English within a year. This is proven and easy for you to master, and yes, we did say 'easy'. We know you will enjoy learning English grammar principles with this book!

Did you know that the English that is spoken today is actually a mixture of languages from many different ancient groups that settles in what is now known as England? Their unique dialects eventually blended to form the English language, which then went through even more changes as the world began to change. The language was even further influenced by modern print and the beginning of the printed newspaper. In this book you will learn about the different parts of speech that make up English grammar. You will learn all about: Nouns and verbs Adjectives and adverbs Punctuation Synonyms and antonyms All of the different parts that make up English grammar have something to give to the language. It is important that you know how to use both kinds and that you are comfortable moving from one type to the other. While it is important to know the ways to speak and write properly, you do not want to do it all of the time.
