 How this book will help you? Both self respect and self esteem start with self, so stop looking outside and search for it in yourself. If you want to learn more about self-respect and self-esteem, then this book is for you! Self-respect is a mindset that allows us to become grateful, humble and well adjusted. When we have self-respect, we love ourselves but do not become arrogant . "A person growing in

self-respect understands that he is an imperfect being, who was given the gift of life in order to serve." Self-esteem means simply thinking highly of one's self. Many parents, teachers and psychologists feel that by showering a child with praise, he or she will grow up with a positive attitude and confidence. But often self-esteem that is left unchecked can develop into destructive behavior: thinking less of others, ungratefulness, and arrogance. As the title says, you'll discover the elemental principles and building blocks for increasing your shallowness. This book will cause you to say Excellent at nearly every page. You'll perceive yourself higher, supply yourself with a lot of compassion,

and by the time you end reading it, you'll notice satisfaction in your worth and value. This book is for you if you're willing to commit and dive deeply into the topic of building your positive shallowness. "A book is the only place that makes your imagination grow spacious. Reading will help one relief their stress and gain knowledge." - Zayd Haji. Get your copy today! The Islamic claim to supersede Judaism and Christianity is embodied in the theological assertion that the office of prophecy is hereditary but that the line of descent ends with Muhammad, who is the seal, or last, of the prophets. While Muhammad had no natural sons who reached the age of maturity, he is said to have adopted a man named Zayd, and mutual rights of inheritance were created between the two. Zayd b. Muhammad, also known as the Beloved of the Messenger of God, was the first adult male to become a Muslim and the only Muslim apart from Muhammad to be named in the Qur'an. But if prophecy is hereditary and Muhammad has a son, David Powers argues, then he might not be the Last Prophet. Conversely, if he is the Last Prophet, he cannot have a son. In Muhammad Is Not the Father of Any of Your Men, Powers contends that a series of radical moves were made in the first two centuries of Islamic history to ensure Muhammad's position as the Last Prophet. He focuses on narrative accounts of Muhammad's repudiation of Zayd, of his marriage to Zayd's former wife, and of Zayd's martyrdom in battle against the Byzantines. Powers argues that theological imperatives drove changes in the historical record and led to the abolition or reform of key legal institutions. In what is likely to be the most controversial aspect of his book, he offers compelling physical evidence that the text of the Qur'an itself was altered.

Almost unique among the works of Muslim scholars, this book, which for Malikis is THE Risalah, was written for children when the author was 17 years old. The sheer pedagogical audacity of introducing children to what is in effect a complete overview of life and human society escapes most people and most Muslims today. The author commences with *usul ad-deen* - the roots of the *deen* - a survey of the vital Muslim worldview, proceeding then through purification and the acts of *'ibadah*, the ordinary transactions such as marriage, divorce, buying and selling and so forth, and concluding with chapters of a general and miscellaneous nature. The book is here matched by the outstanding lucidity of the translation which reveals a book written in a narrative descriptive style rather than in a didactic scholarly tone, making it breathtakingly accessible. So significant was the book's authorship and so quickly was it recognised that its author became known as the "Young

Malik" and his work became a foundational pillar of the madhhab of the School of Madinah and has endured for a millennium, in use both to teach absolute beginners as intended and as a resource for scholars. This edition incorporates the Arabic text without vowelisation (*tashkeel*). Ibn Abi Zayd al-Qayrawani (310 AH/922 CE - 386 AH/996 CE) was born in Qayrawan in Tunisia, arguably one of the most important Muslim cities after Makkah and Madinah, which was always famous for learning and in particular for its staunch adherence to the school of the people of Madinah as transmitted by Imam Malik. His life was overshadowed by the Fatimid dynasty, during which he and the other teachers of Qayrawan calmly kept alive the teaching of the Book of Allah and the Sunnah. Among his other well-known works are the massive multi-volume *an-Nawadir wa'z-Ziyadat* and a *mukhtasar*-abridgement of the *Mudawwanah* of which only the *Kitab al-Jami'*, a comprehensive work containing a wide variety of topics, is extant. Aisha Bewley is the translator of a large number of classical works of Islam and Sufism, often in collaboration with Abdalhaqq Bewley, notably *The Noble Qur'an - a New Rendering of Its Meanings in English*; *Muhammad, Messenger of Allah - the translation of Qadi 'Iyad's ash-Shifa'*; the *Muwatta'* of Imam Malik ibn Anas; and Imam an-Nawawi's *Riyad as-Salihin*. *Zayd Saleem, Chasing the Dream* Salaam Reads / Simon & Schuster Books for Young Readers

Although Muhammad had no natural sons who reached the age of maturity, Islamic sources report that he adopted a man named Zayd shortly before receiving his first revelation. This "son of Muhammad" was the Prophet's heir for the next fifteen or twenty years. He was the first adult male to become a Muslim and the only Muslim apart from Muhammad whose name is mentioned in the Qur'an. Eventually, Muhammad would repudiate Zayd as his son, abolish the institution of adoption, and send Zayd to certain death on a battlefield in southern Jordan. Curiously, Zayd has remained a marginal figure in both Islamic and Western scholarship. David S. Powers now attempts to restore Zayd to his rightful position at the center of the narrative of the Prophet Muhammad and the beginnings of Islam. To do so, he mines traces left behind in commentaries on the Qur'an, in biographical dictionaries, and in historical chronicles, reading these sources against analogues in the Hebrew Bible. Powers demonstrates that in the accounts preserved in these sources, Zayd's character is modeled on those of biblical

figures such as Isaac, Ishmael, Joseph, and Uriah the Hittite. This modeling process was deployed by early Muslim storytellers to address two key issues, Powers contends: the bitter conflict over succession to Muhammad and the key theological doctrine of the finality of prophecy. Both Zayd's death on a battlefield and Muhammad's repudiation of his adopted son and heir were after-the-fact constructions driven by political and theological imperatives.
